

I appreciate the ^{free} conference line. When I'm sick or house bound. You can hear of other unfortunate people and pray for them. If it wasn't free we would limit to "no calling."

WC Docket 18-155

FCC Mailroom

As a taxpayer, and a free conference calling client, I ask you to please consider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$ 80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, supports groups, board meetings, committee meetings, startups, schools, and global corporate communities meetings and their families.

Widows and other lonely individuals are finding comfort in this type of free free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rule making in WC Docket No. 18-155.

WC Docket Number 18-155 Regarding: updating the inter-carrier compensation Regime
Conference calling services

We use this time a lot for Church services, funerals and singing inspiration for widows and elderly who can't go out in the winter time. We don't have TV radio or DVD players, so we rely on the phone line - please let us continue like it was! Do not take away our free conference calling services
