

To whom it may concern,

My name is Michael Dyer and I turned 18 years of age just a week ago. I am speaking out in opposition to proceeding 17-108 because I believe that dismantling net neutrality will hurt our country. I do not want ISPs to be able to block, throttle, or prioritize websites and demand further payment for access to the content that I enjoy. The fact that this proceeding is being considered has made me lose significant faith in the future of the United States of America. This will not stand. If proceeding 17-108 succeeds, it will allow ISPs like Comcast and Verizon to stifle content that they are not in support of, like political activism and startup businesses, which will create a censored, branded and unprotected internet. Please support protecting net neutrality and stop the FCC from setting the USA on a much worse track.

Thank you.

Michael Dyer
