On a quarterly basis, the Federal Communications Commission (FCC) modifies the contribution rate that voice service providers pay into the federal Universal Service Fund (USF). The USF supports funding for telecom services to eligible schools, libraries and rural health care facilities. If you subscribe to the Company's interstate and/or international services or data network services, a Universal Connectivity Charge (UCC) is assessed on such services. The UCC equals the FCC's approved contribution rate. FCC contribution rates may be accessed at: [www.fcc.gov/omd/contribution-factor.html](http://www.fcc.gov/omd/contribution-factor.html)

**Effective 7/01/2018, the rate has decreased from 18.4% to 17.9%.**

### Important Message

The Universal Connectivity Charge is not a government mandated tax. This is a fee that Comcast is permitted to charge to recover its contribution to the Federal Universal Service Fund.

Regulatory Recovery Fees (RRFs) are Comcast service charges imposed on voice and certain other services to recover Comcast's contributions for federal, state and municipal regulatory programs and assessments, including, without limitation, universal service. RRFs are neither government mandated nor taxes or fees imposed on you by the government, but are amounts that Comcast retains. The fees may vary based on service usage patterns and program surcharge rates, and may change over time.

### Important Message

The Universal Connectivity Charge is not a government mandated tax. This is a fee that Comcast is permitted to charge to recover its contribution to the Federal Universal Service Fund.

Regulatory Recovery Fees (RRFs) are Comcast service charges imposed on voice and certain other services to recover Comcast's contributions for federal, state and municipal regulatory programs and assessments, including, without limitation, universal service. RRFs are neither government mandated nor taxes or fees imposed on you by the government, but are amounts that Comcast retains. The fees may vary based on service usage patterns and program surcharge rates, and may change over time.

## Taxes, Surcharges, and Fees

### Important Message

The Universal Connectivity Charge is not a government mandated tax. This is a fee that Comcast is permitted to charge to recover its contribution to the Federal Universal Service Fund.

Regulatory Recovery Fees (RRFs) are Comcast service charges imposed on voice and certain other services to recover Comcast's contributions for federal, state and municipal regulatory programs and assessments, including, without limitation, universal service. RRFs are neither government mandated nor taxes or fees imposed on you by the government, but are amounts that Comcast retains. The fees may vary based on service usage patterns and program surcharge rates, and may change over time.
