

Dear FCC Chairman Ajit Pai,

I and the silent majority support the existing Net Neutrality rules, which classify internet service providers under the Title II provision of the Telecommunications Act. These regulations protect citizens' and small businesses' rights. Blocking & throttling by ISPs is a serious problem. Comcast has throttled Netflix, AT&T blocked FaceTime, Time Warner Cable throttled the popular game League of Legends, and Verizon admitted it will introduce fast lanes for sites that pay-and slow lanes for everyone else-if the FCC lifts the rules.

Please DO NOT roll back these regulations. Strengthen them and make them permanent.

Thank you!
