**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I think competition is something sane for the internet and telephone industry. I used to live in France where the competition between internet providers is high. The result is lower prices and a better product than in the USA with a way faster connection !!!!!.

So I highly say NO to price hikes that will increase the cost of internet services.

I want to see more companies like Sonic in the USA that provides good services at lower prices !

regards
