Brief Comments	I am opposed to increasing media consolidation. We, the public, need to hear from many voices in order to be informed. Corporate ownership of many media outlets gives us only the view of that corporation. Limited number of views made available to the public does not lead to a well informed public. Instead it becomes propaganda. Is this your objective?

Note: You are filing a document into an official FCC proceeding. All information submitted, including names and addresses, will be publicly available via the web.
