Re: *Notice of acquisition of Pulaski White Communications, Inc. d/b/a Lightstream's subscriber base*

Dear Pulaski White Communications, Inc. d/b/a Lightstream Customer:

Due to an internal corporate restructuring, the provision and management of your telecommunications services is being transferred from Pulaski White Communications, Inc. d/b/a Lightstream to its parent company, Pulaski-White Rural Telephone Cooperative, Inc., which will continue the conduct of business as Lightstream. We anticipate that the transfer will take place on or about January 1, 2019. This restructuring will not have any effect on your service. Operations and management will not change, which will ensure that you continue to receive the same high-quality service that you now receive.

Following the transfer, you will continue to receive service at the same rates, terms and conditions you currently enjoy for all of your services, as shown on your current bill. You will be notified in writing in advance of any future changes to the rates, terms and conditions of your service in accordance with applicable regulatory requirements. Pulaski-White Rural Telephone Cooperative, Inc. will be responsible for any carrier change charges associated with the transfer.

We truly look forward to the opportunity to continue to serve you, but we want to remind you that you have the right to select a different preferred carrier for these telecommunications services to the extent one is available. You may choose to switch to another carrier either before or after the transfer; however, early termination fees may apply if provided as a condition to your receipt of services. Neither Pulaski White Communications, Inc. nor Pulaski-White Rural Telephone Cooperative, Inc. will be responsible for any charges that your new carrier may assess should you choose to switch to a different carrier.

The transfer will take place automatically on the scheduled transfer date (unless you have changed your service to another carrier prior to that time), even if you previously have requested that no changes be made to your preferred telecommunications carrier without your written consent (commonly referred to as a "preferred carrier freeze"). All existing preferred carrier freezes on the telecommunications services being transferred will be lifted. If you wish to arrange for a new preferred carrier freeze following the transfer, you must contact us after the transfer is completed.

Before the transfer date, Pulaski White Communications, Inc. will continue to be responsible for all of your customer service and billing issues. After the transfer, all billing and service matters should be directed to Pulaski-White Rural Telephone Cooperative, Inc. Regardless of the date, if you have any billing or customer service inquiries or complaints, you may contact us at our toll-free customer service number 800-760-0848, where we will be happy to assist you.

We value your continued business, and we will gladly respond to any questions you may have about our services of the transfer at 800-760-0848.
