DOCKET FILE COPY ORIGINAL

12 MAR 1993

THE SECRETARY - ROOM 600  
IN REPLY REFER TO:

7330-7/1700A3

RECEIVED

MAR 24 1993

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Honorable Andrew Jacobs, Jr.  
Member, House of Representatives  
46 E. Ohio Street  
Room 441A  
Indianapolis, Indiana 46204

Dear Congressman Jacobs:

This is in reply to your letter of February 18, 1993, in which you inquired on behalf of your constituent, James D. Eudaley, regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

Your constituent is specifically concerned about the impact of these changes on radio control (R/C) hobby users. Enclosed is a discussion paper concerning our proposals for the 72-76 MHz band. In short, we expect there would be no adverse impact on R/C operations because of any proposal contained in the Notice.

We are, of course, sensitive to the concerns of both users of private land mobile radio spectrum and R/C hobbyists. We will, therefore, take your constituent's concerns into account when we develop final rules in this proceeding. As indicated in the Notice, we remain convinced that without significant regulatory change in radio operations in the bands below 512 MHz, the quality of communications in the private land mobile radio services will continue to deteriorate to the point of endangering public safety and the national economy.

We want to thank you for your interest. Your constituent's letter will be included in the record of the proceeding. We expect final rules to be issued in 1994.

Sincerely,

Richard J. Shiben  
Chief, Land Mobile & Microwave Division  
Private Radio Bureau

Washington, D. C. 20554

Dear Ms. Belvin:

Enclosed is a letter Congressman Jacobs has received from Mr. James D. Eudaley, President of a local radio control airplane club, expressing his concerns in connection with a proposed FCC rule change. (Docket 92-235)

~~Mr. Eudaley~~

James D. Eudaley

The Honorable Andy Jacobs Jr  
46 East Ohio St.  
Indianapolis In

FEB 13 1993

Dear Mr. Andy Jacobs Jr

I am writing about the FCC rule proposal change Docket 92-235 which affects the 72mc frequency band used for model airplanes and the 75mc frequency band used for model boats and model cars.

I am president of the Indianapolis R/C South, a radio control airplane club. I am one of four radio amateurs who are using amateur frequencies in the club; everyone else uses the 72mc band. In our area we have both AMA (Academy of Model Aeronautics) and other model clubs.
