Re: Verizon Public Notice of Network Change(s), 47 C.F.R. §§51.325–51.335
Copper Retirement ID No. 2017-04-A-NY

Dear Ms. Dortch:

Pursuant to Sections 51.325 – 51.335 of the Commission’s rules, Verizon hereby submits the attached Public Notice of Copper Retirement under rule 51.332. Specifically, Verizon is providing notification of the replacement of copper distribution and loop facilities with fiber-to-the-home facilities: 1) in all locations in the South Staten Island, NY wire center; and 2) at specified locations in the 115th Avenue Ozone Park, 14th Avenue, 14th Street, 71st Street, 77th Street, Albemarle Road, Astoria, Avenue I, Avenue R, Avenue U, Avenue Y, Bayside, Bridge Street, Bushwick Avenue, Clinton Avenue, Convent Avenue, Corona, Cruger Avenue, East 150th Street, East 167th Street, East 30th Street, East 37th Street, East 56th Street, East 79th Street, East 97th Street, Fairview Avenue, Far Rockaway, Flushing, Forest Hills, Grand Concourse (East 175th Street), Hoe Avenue, Hollis, Jamaica, Kenmore Place, Kingsbridge, Laurelton, Liberty Avenue, Long Island City, Manhattan Avenue, Newtown, North Jamaica, North Staten Island, Richmond Hill, Rockaway Avenue, Second Avenue, Thayer Street, Tiebout Avenue, Tratman Avenue, Troy Avenue, Varick Street, West 176th Street, West 18th Street, West 36th Street, West 50th Street, West 73rd Street, West Staten Island, West Street, and Williamsburg, NY wire centers as listed in Exhibit A to the copper retirement notice. Upon completion, Verizon will provide services available over its fiber optic network.

The majority of customers served by copper at these locations purchase “plain old telephone service.” Following transition to fiber, Verizon will continue to offer these customers the same POTS over fiber at the same or better price as they received on copper facilities, with no change in the underlying features and functionalities in their service.

There may be one or more obsolete, narrowband services (such as certain DS0 level services) that are incompatible with or unavailable over fiber. If so, we will work closely with those customers to address their particular needs.

A copy of the attached notice was mailed to the New York State Public Service Commission, Governor Andrew Cuomo, and the Department of Defense Chief Information Officer. Verizon has not provided notification to tribal entities as no tribal entity will be impacted by this copper retirement.

Please contact me should you need any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert P. D'Amico". The signature is fluid and cursive, with a prominent initial "R" and a checkmark-like flourish at the end.

Exhibit A to this copper retirement notification provides information about the specific addresses in the 58 wire centers listed above at which the copper network facilities will be retired. Exhibit A addresses may viewed on Verizon's website at <http://www.verizon.com/about/terms-conditions/network-disclosures>

Description of the planned network change(s):

Verizon intends to retire the copper facilities: 1) in all locations in the South Staten Island, NY wire center, and 2) at locations in the fifty-eight (58) wire centers listed in the attached Exhibit A. Verizon has deployed or plans to deploy its fiber-to-the-home network in these areas and intends to provide services over a fiber network infrastructure.

Description of reasonably foreseeable impact(s) of the planned change(s):

After the retirement of the copper facilities, Verizon will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities.

Description of any changes in prices, terms, or conditions that will accompany the planned change(s):

As a general matter, the retirement of copper facilities will not result in changes to rates, terms, and conditions in cases where the affected service is converted to a like-for-like service that is available on fiber facilities. Interconnecting entities, however, should review the applicable tariff or agreement for certain terms that may apply specifically in cases where the service is provisioned on fiber. In cases where interconnecting entities elect to replace the affected service with an alternative service that Verizon offers on fiber facilities, the rates, terms and conditions will be as set forth in the tariff or agreement under which Verizon offers the replacement service that the interconnecting entity selects. Verizon, separately from this notice, will provide interconnecting entities with further information regarding service migration options that Verizon offers.

Verizon provided this document to interconnected entities, state utility commissions and state governors in lieu of a specific address list as permitted by the Wireline Competition Bureau's February 10, 2017 Order in GN Docket No. 13-5.

**Exhibit A – Address List for Wire Centers Impacted by
Copper Retirement ID No. 2017-04-A-NY**

No specific address list is necessary for the South Staten Island, NY wire center as all addresses in that wire center will be impacted.

The complete and searchable list of specific addresses in the remaining fifty-eight (58) wire centers* impacted by Copper Retirement ID No. 2017-04-A-NY may be viewed on Verizon's website at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

Please look for **Copper Retirement ID No. 2017-04-A-NY** to find the addresses for the fifty-eight (58) New York wire centers* where Verizon plans to retire copper facilities.

Each interconnecting entity that has received this general notice will also receive subsequent communications from Verizon: 1) notifying the entity of its specific circuits to be impacted by the copper retirement, and 2) providing a specific timeline for action before the facilities are retired.
