On March 15, 1993, the Federal Communications Commission released a Hearing Designation Order for the applications of the Board of Visitors of James Madison University and Community Education Service Counsel, Inc. for Construction Permits for a new non-commercial educational station on Channel 278A at Crozet, Virginia.

The Hearing will be held before Administrative Law Judge Edward Luton, Federal Communications Commission at 2000 L Street, N.W., Washington, D.C. and is scheduled to commence on July 28, 1993 at 10 a.m.

The applications of the Board of Visitors of James Madison University and Community Educational Service Counsel, Inc. are designated for a hearing in a consolidated proceeding to decide the following issues:

1. To determine: (a) whether a share time agreement between the

applicants would result in the most effective use of the Channel and thus better serve the public interest, and if so, the terms and conditions thereof; (b) the extent to which each of the proposed operations will be integrated into the overall cultural and educational operations and objectives of the respective applicants; and (c) whether other factors in the record demonstrate that the applicant will provide a superior FM educational broadcast service.

2. To determine, in light of the evidence adduced pursuant to the specified issues, which of the applications should be granted, if either.

Copies of the Board of Visitors of James Madison University's application, amendments thereto and related materials are available for public inspection during regular business hours at the Meadows Community Center, 5800 Meadows Drive, Crozet.
