ORDER

Issued: July 9, 1993; Released: July 12, 1993

This office, on July 8, 1993, received a telephonic request from all of the Applicants that the suspension of procedural dates authorized by Order released in the proceeding on June 21, 1993 (FCC 93M-385), be further extended for an additional two weeks. The Parties represented to the Undersigned that although they were very close to a global settlement of this matter which would obviate the need for a hearing, they required an additional two weeks to finalize the settlement documents. A written Joint Statement Concerning Settlement reiterating the arguments advanced in support of their request was submitted to this office on July 8, 1993. Applicants were advised at the conclusion of the conference call that they had shown good cause for the further extension, and it was granted. This Order memorializes that ruling granting a further suspension of the procedural dates in this proceeding until July 23, 1993.
