Docket No. 15-256, RM-11664, WT Docket No. 10-112, IB Docket No. 97-95**

Dear Ms. Dortch:

This letter is to inform you that on November 29, 2017, Darren Achord with Amazon and the undersigned met with Travis Litman, Chief of Staff and Senior Legal Advisor to Commissioner Rosenworcel; and on November 30, we met with Commissioner Rosenworcel, Mr. Litman, and Umair Javed, Legal Advisor to Commissioner Rosenworcel, and with Amy Bender, Legal Advisor to Commissioner O’Rielly. During the meetings, we stated that Amazon has long supported net neutrality protections to ensure our customers can enjoy an open Internet, and we emphasized that the company remains committed to that position. Amazon does not support rolling back existing net neutrality protections as the FCC has proposed in the Restoring Internet Freedom Notice of Proposed Rulemaking. We stressed the need for enforceable, bright-line rules to protect the open Internet and guard against anti-consumer and anti-competitive activities. We also discussed how additional spectrum resources, especially in the 3.5 GHz and 6 GHz bands, can benefit consumers by making more spectrum available for unlicensed and shared uses, and we thanked the Commission for maintaining unlicensed use in the 64-71 GHz band. We emphasized that spectrum is vital both to consumers and the economy, and consequently we urged the Commission to move forward on its spectrum agenda.

Please direct any questions to the undersigned.

Sincerely,

/s/

Gerard J. Waldron
Counsel to Amazon.com Inc.
