Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

As an Cultural Arts Educator I frequently use Community Media, specifically CMCM TV in San Rafael, CA. 94901 to produce student projects of all ages who would not be able to access the wealth of equipment otherwise. From cameras, to studio time to computer editing stations, our community media is a treasured resource. As a college student, I produced an award-winning community documentary as well as valued civic affairs programming in collaboration, with my school. My talents as a student were professionally cultivated as a result. Given the small tax paid by the cable companies and I have personally contributed to the profits of these companies, I find it unimaginable and unacceptable for the Cable Television Protection Act to be abolished. I implore you to use your influence to maintain this invaluable community resource.

Respectfully,

Oshalla Diana Marcus,
Creative Director
