Re: File No. BPED-840626IE
Lubbock, Texas

Dear Mr. Tricarico:

Attached please find an amendment to the above-referenced pending non-commercial FM application. The amendment supplies information required in BC Docket No. 20735 concerning possible interference with Channel 6 television stations.

Should questions arise concerning this application, please contact this office.

Very truly yours,

F. Joseph Brinig

Dear Sir:

Attached please find an amendment to our pending application.

Very truly yours,

Gary Barton
Trustee, Caprock Educational
Broadcasting Foundation

ENGINEERING STATEMENT

RE: BPED840626IE
Lubbock, TX

This engineering amendment is submitted in order to verify that the conditions specified in the Application for a Construction Permit for Channel 211 in Lubbock, Texas are in compliance with Section 73.525 regarding protection of Channel 6 TV stations.

The three closest Channel 6 Tv stations are KAVE, Carlsbad, New Mexico, 237 km from the proposed FM site; KIDY, San Angelo, Texas, 244 km from the proposed FM site; and KAUZ, Wichita Falls, Texas, 306 km from the proposed FM site.

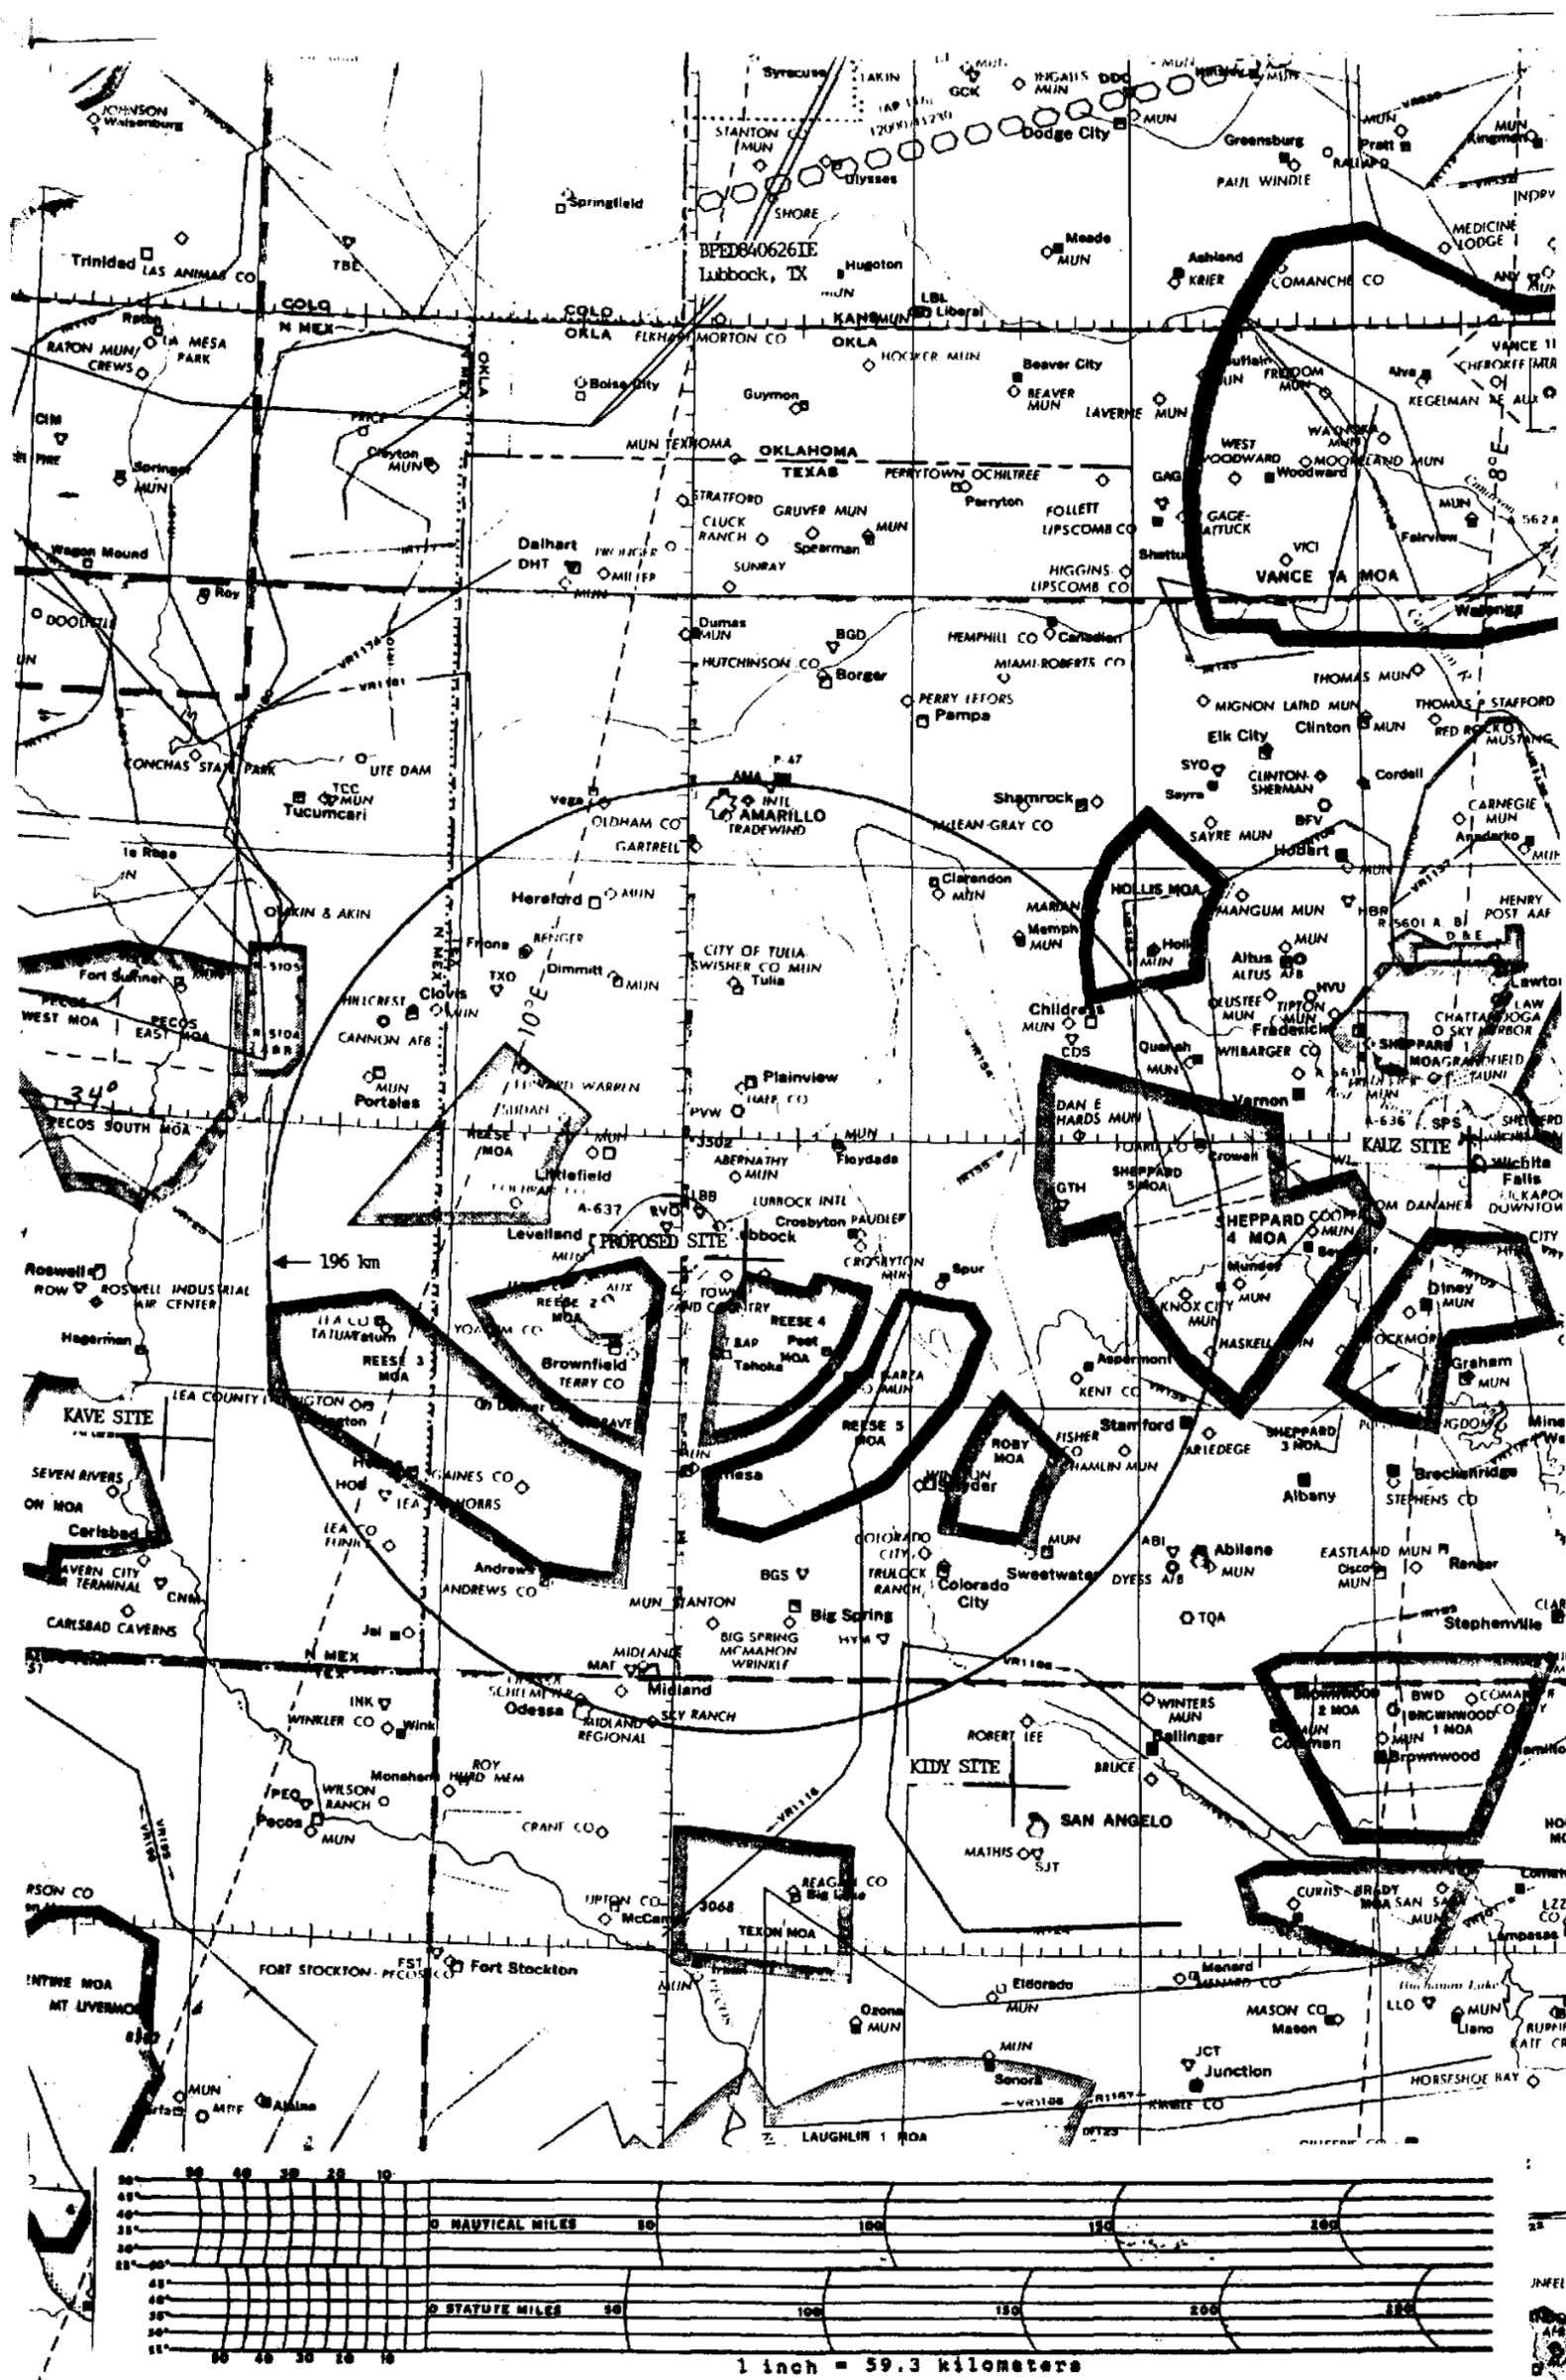

According to Appendix C, Paragraph 5(a)(1), the proposed FM on Channel 211 must be a minimum of 196 km from any Channel 6 TV station in order to not be within a Channel 6 TV affected area. Therefore, as the proposed FM is a minimum of 41 km beyond the above stated required distance, no interference would be caused to any of the aforementioned Channel 6 TV stations.

The above information is true and correct to the best of my
knowledge.
