Dear Chairman Pai,

I am writing to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05- 311.

Our local community media organization, Arlington Community Media Inc., is tremendously important to the life of the town. No other source provides the in depth coverage of town events, school events, and governmental activities. It is a tremendous public good. Many of my friends comment about things they have learned from it about our town that they would otherwise not know. Additionally, it provides a fantastic and cost-effective means to train youth and adults in media production, giving them technology and communication skills that are directly marketable.

I sincerely and strongly request your continued support of community media.

Sincerely,

James A. Cartreine
