

I am submitting this today to express my support for our current laws regarding Net Neutrality and fervently oppose the repeal being ushered forward by our new FCC Chairman.

Respectfully, I reiterate that I support Title 2 oversight of ISPs and oppose the repeal of Net Neutrality rules. Please think of all the citizens of the United States of America and not just the corporations that lobby for your support. The internet must continue to be a safe haven and equal playground for new ideas and small businesses. Thank you for your time.
