Dear Chairman Pai,

I am writing to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25<sup>th</sup> Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

Continued support of community media is very much needed not just now, but always. I rely on having access to local TV – they cover issues that are important to the community, as well as deliver educational, historical and entertaining programming. I depend on CMCM/Marin TV to provide timely and factual information and they are a go-to source for this purpose. They also provide a worthwhile service to the youth and seniors in our community – both demographics that, as we know, are so often overlooked or ignored.

CMCM/Marin TV has helped launch and/or educate many a young person looking to get into the business of broadcast production. They introduce and highlight aspiring comedians and singers. Don't let this wonderful service disappear, simply for the sake of providing even greater profitability to companies who are already wildly profitable. Community media is needed!

As a 40-year resident of Marin County, I am asking you to continue supporting community media, not cutting it off at its knees.

Best regards,

Laurie Nardone
