One of our favorite T.V. stations we watch on T.V., is RFD-TV.

I understand there is an movement to remove that station from the air.

informative, RFD-TV is ~~to~~ an interesting, morally important, clean, and important station to our ~~and~~ segment of American society.

With exception of a few religious stations, it seems to be the only station open to the American public that has no trash or X-rated entertainment.

We wonder why there is so much problem with younger generation.

~~The~~ Probably one of the important causes of "moral decay" in the nation is the ~~available~~ low class X-rated entertainment available on T.V.

Every time you sit down at the dinner table, stop, take a look. Most of what

is on your plate, dish, cup or glass,  
has ~~originated~~ has started out as on farm  
crops or livestock.

That ~~meat~~ beef or lamb, originated from  
those mama cows or ewes grazing grass, plants  
or weeds that your stomach wouldn't as couldn't  
~~digest~~ digest.

That glass of beer after an days work, starts  
out as barley, <sup>or</sup> wheat and hops grown by an farmer.

That glass of wine you make on toast at an  
party started out as a grape from the soil.

That T-shirt and underwear <sup>and the</sup> socks &  
wear too all start out from cotton grown by  
an farmer. Cotton seed meal is used as an protein  
supplement for livestock.

Soybean oil, corn oil comes from  
farmer grown crops. They are important  
in potato and onion fry plants. Which are  
so popular quick eating ~~place~~ <sup>in this area</sup> <sup>grown</sup>  
stands. <sup>by my</sup>  
<sup>neighbors</sup>  
<sup>and</sup>  
<sup>friends</sup>

Those potato and onions start out  
growing by an farmer.

All fruits are ~~grown~~ come from  
trees/plants planted, grown and managed by  
an farmer with help from farm labor.

They support an  
major  
pay-roll in this area

originated

(3)

Most grain, ~~and~~ fruit and finished products are moved to ~~max~~ the stores with 18-wheelers on road and "Big Johns" on railroad. That makes lot of jobs too and important to economy.

Agriculture is an large and important contributor to the nation. Every one is impacted daily by agriculture, whether they know it or not.

It is also an base for lots of tax money" the government gets and uses (wastes).

So / RFD-T.V. represents us in agriculture and farming, and is educational too.

Also, R.F.D.-T.V. provides good & clean entertainment for ~~the~~ the public too.

I am an retired farmer. ~~father~~ My wife and I have raised 10 kids, which are all taxpayers and ~~provide~~ successful, business owners, farmers and employers.

They ~~collect~~ have given us 24 grand-kids who themselves are successful students, athletes, and employees.

I'm 83 yrs. old and have 82 yrs. experience and think I'm helluva lot smarter than most politicians.

Signed / Pat Lee, Sr

(4) I served the U. S. in the army.  
My wife and I were both raised  
in Kansas.

I drew a piece of desert land as  
the Columbia Basin ~~Reclamation~~ Project.

We got married, moved here with  
truck and pickup loaded to tame the  
land just like the pioneers that  
settled early America.

We have struggled, went without,  
seen crops lost in wind storms. Did  
our part in feeding, clothing the nation,  
raised a bunch of kids, supported  
the community and society. Our kids  
and grand-kids are scattered coast-to-coast,  
border to border all in responsible occupations.

I think we are entitled to  
relax and enjoy watching "Polka  
dancing on RED-TV every Saturday night.

Pat Lee, Sr.

We support independent  
networks such as RFD-TV.  
We love country music, gospel,  
music, tractor auctions,  
market reports to name a few.  
If we couldn't get rural RFD  
TV we would cancel our TV  
because most everything else  
is reruns.

Dear FCC #16-41

We watch RFD on DirectV. We watch RFD for good clean programs, no swearing or off color jokes or stories.

We like the Western sports, we don't care for any kind of ball games, not everyone likes ball games, no other channel has western sports.

For farmers and ranchers, they can get market day reports, no other channel in our area has these reports.

We enjoy Gentle Giants and George's Country Diner. No other channel has programs like this.

The music programs are great and you can understand the words to the songs, modern music today on many channels, leaves us wondering what we just listen to.

There are shows on TV that should be removed, such as Party Down South and Naked and Afraid, these shows are not fit for any one to watch.

Please do not take RFD  
TV off the air - it is the  
best station for us senior  
citizens - for weather reports,  
farm & ranch reports - very  
good music entertainment -  
an all around great station  
for us - please consider  
us older people - who  
depend on RFD for most  
everything. We cannot go  
to far from home because  
of age and health problems  
so we depend on RFD.

Thank you  
a senior citizen for  
RFD

Dear Sir:

I'm writing in regard to RFD-TV.  
My husband and I enjoy watching  
the variety of events. It's good, clean  
entertainment... with machinery,  
sales, markets, weather, truck and  
tractor pulls, music, dancing, rodeo,  
etc. I can't imagine why people  
would want to take it off the air.  
So please reconsider. Thank You!

We have Cable TV with

Please do not remove the RFD channel.  
It is one of the very best channels on TV.

I get RFD on Charter Cable TV.  
I'll be 83 years old May 7th and I  
live alone. It's the channel I watch  
most of the time, so please don't  
remove RFD programming from the air.

I love watching Larry's Country Diner,  
Family Reunion, Roy Siven's Show,  
Molloy Bee, Maury Stewart Shows and  
all the other Country Music Shows  
also the Blue Grass music, the Roed's  
and Farm Shows. It's just an all  
good around channel to watch, as there  
is no filthy language being used.

Dear F.C.C.

I am writing to ask you to please leave our R.F.D. Station alone. We are two old folks who are farmers. James watches the farm programs and market reports every day so he can know the price of corn, soybeans and cattle. We also love the Country Music shows. R.F.D. is the only decent channel on TV.

We have Dish Network and we hope they will keep you on.

So Mr. Bottsch please keep up the fight!

Sincerely yours,

Being 83 I'm not going to take a lot of your time to ask you to assign ONE channel of T.V to us old folks, the people who feed you and the few left with ethics and morals. Because what is being viewed today is all that needs to be said as far as the USA decline. So just for a present leave RFD on the tube.

This letter is to encourage you to support RFD TV service. It is a channel for rural news service and an educational channel for everyone. There are many programs showing how our crops and animals are grown, processed, and cooked. If you eat, you are involved in agriculture. Twenty-five percent of U.S. employment is related to agriculture. There are educational programs about art, museums, parades, etc. from different areas of the country. Many people enjoy the country and bluegrass music programs. Above all it is a family channel. Please keep RFD TV channel on satellite and cable providers services.

Please, and I mean Please Do Not Drop  
RFD-TV. from our television programing.  
we love our RFD-TV. I am a Senior  
Citizen of The United States of America.  
I was born in Oklahoma 73 years ago.  
I was raised as a child to be respectable.  
and I still believe that way. I try my  
darnest To teach my grandchildren and  
now my great grandchildren. right from wrong.  
I really think I raised my children right.  
Please leave some decent Channels ~~off~~ on  
The air for the younger children to watch.  
We need channels like RFD-TV. To help  
teach the citizens of Tomorrow. We  
do not need all the NAKED, vulgar language  
and violence on our televisions. We need  
decent prgrams, about where our food comes  
from, The animals that help provide, The food,  
The farms where vegetables - clothes - and  
all other things come about. We need  
help To Take the stories about - murder,  
rape, abuse and all other bad things off  
of the air. Our children of the future  
do not need to know what NAKED people  
Look like and thing it is so great. They

Should know that a few years Later.  
Yes, The parents should Tell them the  
facts of Life Not let them learn  
by watching the sex, violence and all  
the other on TV. Our children are born  
Innocent And a gift from God. Let them  
know about God Also. Help make the  
United States of America a safe and  
decent place to call HOME. again.

I am a wife, mother, Grand ma and  
Great Grand ma and I am darn proud of  
all the Above. I will pass on to Heaven  
Someday (I hope, & pray) I sure would like  
To leave this earth knowing the one that  
will follow me will have the same kind  
of life I've had.

Now, we do not need To loose RFD-TV.  
we need more stations with Decent  
programs, cartoons and movies for teaching  
and entertainment.

RFD-TV is a good Station. there is  
also a very few more that is fairly  
decent. I am 73 years young and my  
mother taught me how to cook and all the  
other things needed To take care of my  
family. I like To cook Homecooked meals  
and there are some good programs about

Cooking also. I really think ~~our~~ <sup>our</sup> young children would be healthy ~~(I F)~~ ~~A~~ If more families would cook. if they don't know how to cook watch some of those ~~prog~~ programs and learn how to cook. Fast food is good sometimes I like to go out to eat sometimes too but home cooking is better than deep fried all the time. I do know times changed but break the habit. and do a family home cooked meal. more often.

You know there are bad habits of all kinds. But you know habits are like records (made to be broken). I guess one habit is drinking Alcohol. Children see children do. "Get DRUNK." Oh yes. Okay get (HIGH.) Oh boy. They still advertise Beer, wine, Whisky and the list goes on. Smoking (cigarettes) is bad also. I know I used to smoke; (But no more) Now go to a bar get drunk. watch the girls strip, get in the mood go rape a chick. The Excuse "I was drunk" go shoot and kill somebody. Oh he was drunk. Come on RFD-TV keep something on the air and TRY to turn the world (in the USA) around. make it a SAFER, Better, more Productive place to call home and give our little

Children a Life To be proud of.  
Please RFD-TV. go for making this home  
of ours a Better Place Again. We all  
Americans need your help, some just don't  
know it. But you can make a start.  
We all need your HELP. This is my dream  
We don't need or want to live like this.  
Not I the United States of America.  
A Lot of our men, boys and yes women  
have given their life, Limbs and all  
they had Don't Let them down.

I Love the country music Shows also.  
I really enjoy them. Some of their songs  
tell it like it was — some like it is,  
and some like it might be.

Let us Keep RFD-TV. a honest  
American. decent station To watch.

Thank you,  
myself and others  
are counting on you.

Dear FCC:

Proceeding number 16-41. I watch RFD-TV on Direct TV. Out of the 120+ stations that are assigned to my program package I watch a total of maybe 10 channels. Topping that list @ #1 is RFD-TV. The variety of programming and the manner that it is presented to the viewer is not surpassed by any other channel.

No matter the nature of the program that I am watching, be it informative, educationally, or entertaining, I feel that I am being treated as an intelligent, respected human being. I liken it to the hospitality I offer to my guests when they enter my home for a visit.

In addition to prized programming, RFD-TV helps to bridge the gap between urban and suburban by playing a vital role in the educating of Americans about one of our country's leading, if not # 1 industries: Agriculture.

It has earned the right to the airwaves as an independent channel. I It has proved its worth. It needs to be treated with the value that it holds in the hearts and minds of its viewer ship. And it needs to be broadcast in HD.

Thank you,

I'm writing in regard to the above. My husband and I find joy in watching RFD TV. It's the kind of station we need. It's entertainment programs are fun, don't have too worry about what's going to be said or shown. It's old fashion, clean, wholesome fun.

We haven't watched network TV other than news or a few game shows for years. It's public broadcasting CSPAN or RFD TV.

Sad how the U.S. has changed because of what's allowed on TV and in the movies. Violence everywhere

For All To Read,

The RFD-TV-H.D. is a station I watch more than  
all others - as a 1930's, now Senior & on my own -  
it is comforting to hear the language of rural  
America - see the families struggling as I did -  
and farm 20 years + as I did.

The Country Reunion Shows are great - So many  
I grew up with - now growing old with and  
seeing them moving on thru life.

Of course, I have a (now 55) son who grew up  
in the early rounds of rodeo - cousins  
participating - enjoying the fact - that there is joy  
in the sport - watching the winners - Kudos!

The ripoffs of the big companies need to be  
STOPPED - I'll do my part - If there is No interest  
in shows - the OFF-switch is in play - and  
I do something else -

RFD-TV shows great management in the  
programming - In appreciation, Thank you  
Marilyn Howard
