To whom it concerns:

Please do not drop Rural Independent programming.

I enjoy the variety and music RFD provides. There is something for the whole family instead of all the crime and violence and sex shows. Even talk shows are getting boring.

Thank you for listening,

There is very little on

worth looking at. We enjoy
watching RFD TV so much,

This letter is written in regards
to the importance of keeping RFD
on television.

I am 80 yrs. of age and this station
is the one I mostly watch. Find it to
have the most wholesome programs found
on any other programming in TV land.

Being raised on a farm, I still like
to know about farming, crops being grown,
the new equipment used along with all
the livestock.

Saturday evenings will find me
watch all the music programs, along with
the other music on Thurs. mornings, Thurs.
night Harry's Country Kitchen, Friday night
Family Reunion, the Polka Parties, Sunday
evenings Cowboy Church and other things of
interest.

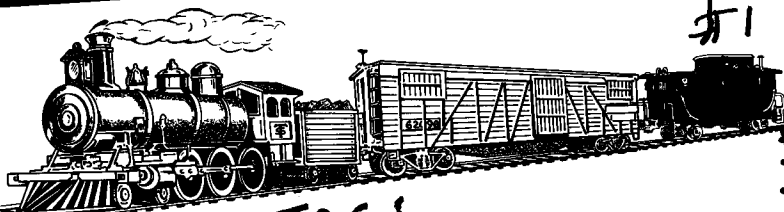

Please, don't take this away from
all of us who watch this channel. The news
updates and even the cooking shows. This
is my inspiration. Pray for all making
these decisions.

May God touch hearts through
these letters.

Thanks RFD - President & Founder.

Yes, I am a farmer also. Yes, I am very concern about our R.F.D. Channel. I am a daily listner to it and enjoy more than other channels. I love my music show and espicially The Palka Show, Mollie B. for all her hard work.

They is a lots I learn for some of the farm show and how people live in other countrys. Its a education at time and love it very much, I am at 75 year old widow and this passes my time a whole lots. Why do they want to drop this channel and put other stuff, what nobody cares for. I lost my husband 10 yrs ago and he fell in love with channel. So, lets try to held on a long time and enjoy somethink nice, for a chance. If you want to call me, I can be reach by calling my cell phone 1-830-203-8613. I am mostly home all the time and will be happy to talk to anyone who calls. I hope it will continue to carey on I just adre it!

RFD-TV is a refreshing and informative channel.
The Western Sports Round-up and the Market information
are superior in what they offer. This is not

RFD-TV for my marketing strategy.

I also enjoy other programs such as Hee How, Mollie B,

Dear FCC, Proceeding number 16-41

I watch RFD-TV on DirecTV on a regular basis year around. I joined a 4-H livestock club at the age of nine first raising rabbits and then swine. I won the county 4-H swine Showmanship trophy three years running and retired it my eighth grade year. I also won the Oregon State 4-H swine showmanship trophy that same year. My freshman year I joined The Future Farmers of America (FFA) with a dairy project and a swine project. I ultimately raised and showed the Oregon State FFA champion Fat Hog. My junior year I won the state FFA chicken judging contest and our team traveled to the national FFA convention in Kansas City Missouri. I include these comments to establish my credentials.

I can't tell you how happy I was when I discovered last year that I could watch the National FFA convention live on RFD-TV. It was there that I heard the most inspiring speech by a young lady FFA member that I have ever heard in my life. It really made me proud to be an American, a former FFA member and to have spent some 68 years of my life involved production agriculture.

While there a variety of agriculture shows important to agricultural viewers on RFD-TV, I discovered Larry's Country Diner and Country Family Reunion several years ago and do not often miss them. Both shows are wholesome and project the values that take us back to our roots that made our country great!

Finally I would say that this is the only channel that provides an opportunity for connecting urban and rural America that is so important to our national unity. With less than 2% of our population involved in agriculture production, it remains vitally important that TV viewers have the choice to be informed about rural America.

I strongly urge you to require DirecTV to continually broadcast RFD-TV.
Sincerely,

Don Schellenberg

This letter is in support of the RFD network which I watch on the Dish program. I watch RFD and its sister networks (game and fishing, auction etc) because they broadcast clean wholesome improve-your-status programs which is in direct contrast to the sex and violence that we so often see on the urban networks.

I support RFD and fully and completely hope to see it continue in the family-friendly format that it is famous for.

Thank you,

Dear Sir,

I'm an elderly senior, with ^{Health} issues, and many family members and neighbors and friends, are seniors also, and we look forward to RFD TV, all of it is good. The cowboy preaching, gospel singing, country music, Family Reunion, agriculture, sports, News and all the programs we need. Fcc 16-41, that you can step in there and block these urban based cable companies, from taking RFD TV Rural programming off. I have Direct TV with satellite.
