We are very disappointed about what's going on about the RFD station.

RFD is one channel we watch all the time. It has very interesting and clean programs.

It is our desire that we not lose it.

Saturday is especially the day. My husband is homebound and I don't know what will watch if it's dropped

KEEP IT ON PLEASE

Why do you want to block or drop RFD-TV? Their programming has much value. One needs to remember that our nation is made up of ranchers, farmers, and rural people who need and appreciate down to "earth" programming!

Whether it is the farm-ranch reports, guide lines for providers of our nation's food (ranchers and farmers) or the wonderful music programs, etc. keep RFD-TV alive and on the air!

The programs RFD-TV provides are helpful, enjoyable, and necessary!

Thank you for your consideration!

Most sincerely,
Jack Dorothy Asbell

Please understand RFD is the
only station on TV that has
no sex, gay, cursing, trash ads
& much more - it is the best
station on TV - you have no
worry what rating it is because
it is family oriented for all ages.

You need to concentrate on some
of the big stations whose shows
are unfit to be shown & the ads
are way to personal.

RFD TV is the best - please
help them all you can -

To whom it may concern,

I hope this is not too late!
I see on TV (what I had recorded earlier) that "whoever" is trying to keep RFD off the air! I had Cable One but they stopped RFD, so I changed to Dish Network just because I could get RFD on it - I pray they do NOT take it off Dish Network! That is what I watch (& record) most of the time. Those good old country music shows & music are awesome!! Not much else on T.V. for me, & so many people, I know either!

RFD-TV is the best ever -
Keep it on T.V. always! Please!
Don't let anyone make
you stop it! a True fan,
Please! thank you! Sharon

I see you are trying to take RFD TV of the air again. I enjoy the music RFD programs. It's uplifting to my day. I especially like Saturdays from 4:30 to 7:30. It raises me up each day to a new cultural level coming out of the South. These guys really sing and play. I want RFD to stay on TV. so I can continue watching this special programming.

Dear Commission,

I want to tell you how much RFD means to the farmer.
Your programs about animals, animal medicines, farming
techniques, and speakers about the country and the land.
It gives the farmer much information that is valuable.

PLEASE KEEP RFD ON THE TELEVISION.

I watch RFD-HD TV on Direct TV. It is important to my family to keep RFD available on Direct TV, they provide one of the best overall programs available, that can be watched by all family members.

There lineup of programs is unique and not available on any other channel.

RFD TV's coverage of programs like the Rose Parade is way better and more complete than any other channel. RFD is the only rural channel that provides my family access to programs like shows about various types of horses. It provides sports options like rodeo, etc. These types of programs are only available on RFD TV.

DEAR F.C.C.

WE LOVE R.F.D. TV. it has good country music,
good info. About Cattle prices, much more about
RURAL COUNTRY Living. We are SENIOR CITIZENS and
it gets back to the BASICS of living, such as

This letter is concerning FCC 16.41

We are not in favor of what you are doing to block people from watching RFD TV.

It is a great show for rural news and shows and a great family station.

We watch RFD more than ABC NBC and CBS

channels that have lousy reality shows that have no meaning.

As far as we are concerned FCC is OVERSTEPPING their boundaries.
