Re: WC Docket No. 18-336 and CC Docket No. 92-105 regarding the National Suicide Hotline Improvement Act of 2018.

Dear Madam,

United Way of Lancaster County appreciates the opportunity to comment on the current effort undertaken by the Federal Communications Commission to study the feasibility of designating a three-digit number to the National Suicide Hotline and to assess the effectiveness of the current National Suicide Prevention Lifeline. In Lancaster County, our United Way is fighting for health, education and financial stability by investing in Pennsylvania 211 East and their priorities in providing coordinated entry for homelessness services in the seven counties served, fielding over 10,000 call for our Volunteer Income Tax Assistance Program, and providing screenings for families concerned about lead poisoning from their homes. Additionally, our United Way prioritizes ensuring all of our children enter kindergarten ready to learn, all adults achieve a post-secondary credential, decreasing the amount of families living in poverty, and ensuring everyone has access to healthcare.

We acknowledge efforts are needed to create a safe place for all people to call – especially underserved or marginalized populations such as seniors, people with physical or intellectual disabilities, people that identify as LGBTQ+, Veterans, American Natives, non-English speakers, and individuals facing complex problems such as substance/opioid use, human trafficking, and domestic violence. Our organization has a more than 90-year history of reaching out to the underserved and today we partner with over 300 stakeholders to drive systemic changes to solve our community's toughest problems like mental health and crisis.

We encourage the FCC to consider our long-standing and effective 211 work here in Lancaster County as a vital partner in increasing access to suicide prevention and intervention services. Since the FCC designation of 211 in 2000, we have invested in the success of 211 and find the service a valuable asset to addressing our communities needs for health and human services. Moreover, each year our United Way invests more than \$4.6 million in mental health, substance use, health, education, and other financial stability services. These critical investments position us to be key partners in the success of an improved mental health and crisis response system.

GET HELP. GIVE HELP. CALL 2-1-1.

BY 2025

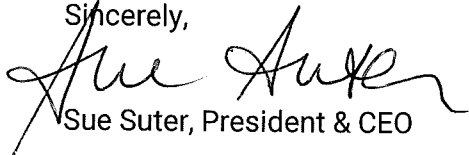

- 1 100% of our children will enter kindergarten ready to learn.
- 2 100% of students and adults will have post-secondary credentials.
- 3 Decrease individuals and families living in poverty by 50%.
- 4 100% of individuals, children, and families will have a medical home.

Another three-digit code will erode the simplicity of a single point of access for community help. Despite concerted efforts by numerous social services, and multiple hotlines, in our community to educate and market the distinctions, a person in crisis will always reach for the most familiar or most accessible number. Our 211 receives calls that are better suited for 911, and our 911 partners often receive calls that we can best answer. We recommend that resources should be invested to improve a unified single point of access with a blended partnership of the National Suicide Prevention Lifeline and United Way's 211 services. We believe in the power of partnership to address gaps, not duplicate services, and will be a valuable partner in the fight against suicide. Our 211 staff currently receives calls from people who are experiencing thoughts of suicide and are able to handle these calls. Our 211 center has staff cross-trained to handle crisis calls and 211 calls.

We respectfully note that our 211 staff work with vulnerable and homeless veterans daily to ensure that they are housed in an expedient manner and to make sure they are connected to service that can help them overcome whatever challenges they are facing.

You can learn more about our work at www.uwp.org and can reach my office for additional questions or discussion at [insert office number]. Thank you for your time in addressing this important issue and for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Sue Suter", with a stylized, flowing script.
