**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a private user of the usual internet services. I support broadband competition because I do not want to see a few corporations having monopoly power over availability, speed and price of the internet.

My local internet service comes through copper wires owned by AT&T. Please quit your change to rules on copper networks; I believe such change would reduce competition here, and reduce services.

Thanks for your consideration.
