everything on RFD-TV. I am
81 years old + RFD-TV is about
all I watch. Please keep it

Shame on all of you that you would take such a good
clean teaching and entertaining channel away for these viewers.
If not for RFD I would never have know the wonderful

have wonderful memories of an angel in heaven. The Father
Hapel Hour are wonderful program - I grew up on a farm and

Giants. The old Time County Union. There are people I remember
from my young years. These are all great programs that
we don't get on any other channel. Please don't take away

TO THOSE WHO CHOOSE TO HELP US - the Young children, young couples and senior citizens.

Dear people, I cannot express how much I love and depend on RFDTV! Not a day goes that I do not turn to RFDTV to see something interesting! RFDTV has wonderful shows, a **big** variety of shows. I cannot list all of them. I always watch Larry's Diner, old shows like HEE HAW, and love the old western music!!!! Like to watch horse training shows also, AND Rodeo's, and bull riding, plus junior rodeo's, AND future farmers youth groups.

I grew up on a farm, and loved growing up there. Our farm was near a mountain range of large forest land. We loved going up into the forest, find small creeks and fish for the wild trout!! We might catch 5 or 7. Our farm also had acres of tall fir trees; we were able to hunt on our own land for deer during the hunting season. We always raised sheep, chickens, milk cows, and beef cattle. We did not have a monthly income; only when we sold beef or sheep. We raised our own hay, and corn and grain. Our income was limited at times, but we always had a lot to eat. We raised and bred our own sheep, and beef cattle; plus we grew a huge garden, froze corn and peas, also canned from our own fruit trees. Watching RFTD brings back many memories. It was always quiet on the farm! A LOT OF FRESH AIR! For a long time we ground our own wheat making our own flour. Mom made homemade bread. She would make many biscuits, cinnamon rolls, and a lot of loafs of bread. Most went into freezer till we needed more. To this day I will not eat white bread. In the early days all we had to buy was sugar, and salt; we made our butter from our own milk, had eggs from our chickens, and made our own flour.

On RFDTV there is NEVER a show that is boring, or repulsive. Watching cattle ranchers talk about their breeding of certain stock. All of the families are courteous, even their children are courteous, saying, "yes, sir", ALWAYS polite to whomever they are talking too.

You NEVER hear rank music, nothing but true western music. Not one show is ever LOUD, and or has singers JUMPING AROUND, like monkeys. When I see one of those shows on any channel, all I hear is NOISE!!! NOT ON RFDTV!!! People treat each other with respect. Every Saturday evening I watch Larry's Country Diner. They have great music and singers and guests!

There are horse shows, teaching how to train them for riding, and how to take care of all species of animals; especially work large of ranches. Any farm, no matter what their main animals are, shows city dudes how much work it takes to manage a big ranch, or small farm. When the crops are ripe, corn, wheat, hay, etc., it must be DONE BEFORE IT RAINS!!! I am very thankful for the newest inventions to aid the farmers or ranchers that make their jobs easier.

Where would the city people get their food if it were not for those who love the country, love raising cattle, planting fields of many crops. Where would people get their milk if not for dairy farmers!!! IT ALL TAKES WORK. Cows like to be milk, evening and morning, ALWAYS at the same time!!!!

I am 77 years of age and can only afford basic cable, most cable channels are not worth watching, so I turn to RFDTV! Channels 2 3 4 5 6 7 8 9 10 11 15 49 51 52 63 64 65 66 95-(RFDTV) 96-(stupid ch) 97 98 AND 99 = 23 CHANNELS and THAT'S ENOUGH for me!!

Dear FCC, Proceeding Number 16-41:

I watch RFD-TV on Dish. This is a very family-oriented channel that I don't worry about our grandchildren or great grandchildren watching. In today's environment, not very many channels can live up to that reputation. I enjoy watching the livestock, the Rose Bowl Parade (and the detail of putting it together), all the country music legends and Branson shows. I believe that people living within city limits would also benefit from watching RFD-TV.

Dear FCC- 16-41,

Just want you to know how much I enjoy RFD TV that I receive on my Direct TV which I signed up for after dropping Cable and the main reason was Direct carried RFD-TV and cable did not.

I really enjoy all the music and watching other family related programs. It seems to be the only channel to have such good music and I have lots of elder friends who have told me how they enjoy it also.

Please consider leaving RFD TV on the air!!!

RE: FCC Proceeding #16-41

To whom it may concern;

I am a man who is 85 years old and I receive RFD TV on Direct TV. It is the greater of few IF any other channels. It is 90% of all television programs I watch. It is clean, educational, and funny.

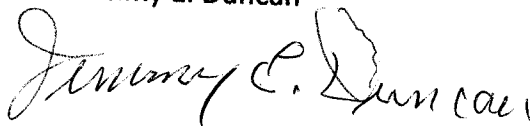

I live in Los Lunas, NM, which is 20 miles south of Albuquerque, NM. This community is made up of farming, country, some rural, urban, and a city mix. Having been a minister of the Gospel of Jesus Christ since 1958, I do so appreciate clean, funny programming of which they are not afraid to, nor are they reluctant to mention, and honor the One true God. It is so good and refreshing to be able to turn on programs where there is not constant killing, noise, shooting and vulgarity on several levels, constant bombarding us.

I especially like farm material, old time country music, Southern Gospel and old time gospel music. Larry's Country Diner, Family Reunion, Texas Country Reporter, and Rodeo's are also favorites of mine.

Thank you for considering helping us to keep stations like RFD on our television programming.

Thank you again,

To Whom it may concern:

In regard to our favorite AT+T TV station RFD-TV and concerning FCC 1641, my husband and I would be very disappointed and upset if it was discontinued. We are retired farmers who lived in the Midwest and now enjoy seeing the current and informative agricultural presentations. It is satisfying to see the clean entertainment programs and we especially enjoy the various music, especially "Mollie B."

Please consider our enjoyment of RFD-TV, and thank you for the option of continuing it!

Dear FCC:

Re: 16-41

I watch RFD-TV on Cox Cable in Omaha. My husband Walt and I enjoy the shows so much with the old country music. We grew up listening to the music. My sisters and I had a quartet and many of the songs I know all the words. I recently visited my sister in Florida where the programs were not available and she is very envious. Walt recorded the shows for me to watch when I got home. The shows are clean and good for the whole family.

I tried to submit these comments electronically but was never able to submit the completed comments.
