**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We rely on our telephone line for our phone and DSL for our computers. We use a local service provider who pays AT&T, instead of using AT&T directly because of the terrible service that AT&T supplied... that if probably because they have the monopoly on the telephone lines...

If the copper lines are not required any more, then Comcast will have a monopoly on the cable, and that would be the only way for us to get connected to any service provider.

the Cable company has already become to expensive for us, because they can...

Please keep telephone lines and do not allow more monopoly power grabs...  
we need more competition for the existing copper lines and cable lines, not less.

Thank you.

Todd Morgan
