455 12th Street, Southwest
Washington, DC, 20544

Dear Chairman Pai,

I am writing as a community member to support the Comments of Brattleboro Community Television, Inc. or BCTV (File ID 1113560010350) and to disapprove of the proposals and tentative conclusions set forth in the FCC’s September 25 Further Notice of Proposed Rule Making in *Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992*, MB Docket 05-311.

BCTV is a highly respected organization and provides unparalleled service to its local community, Windham County, Vermont. Through its filming and programming, it provides access to public meetings and events for the disabled community and the county’s aging population as well as those who are involved in so many activities that they cannot be in two places at once. My small church has contracted with BCTV to film our Sunday morning worship services for all of those same reasons.

This local presence enables the residents of Windham County to create and watch uniquely local programming about their community and local events and issues of interest to them. And that was the intent of the PEG provisions of the 1984 Cable Act—to enhance local voices, serve local community needs and interests, and strengthen our local democracy. By defining “franchise fee” in an overly broad fashion to include “in-kind” support, the FCC’s proposals will shift the fair balance between cable franchising authorities and cable operators – something that was never the intent of the Act—and could ultimately result in such reduction in franchise fees as to defund PEG Access in our state.

We appreciate your consideration and hope you will protect PEG Access in our community and others by choosing not to adopt many of the proposals in the Further Notice.

Sincerely,

Community member and supporter of Brattleboro Community Television
