So Whom it may Concern,
I'm writing in regards to the actions
of Verizon trying to take RFD and
other stations off the air. Personally
I'm tired of the big companies try to
take away everything people have if
they don't like or want it. What if
the tables were turned on them, it
would be different. My husband
and myself are senior citizens. We
like RFD for the variety of music
they have on. I like the outdoor cook-
ing, weather, and about the cattle
farming and the prices of food going
up or down and how serious it is.
The information I get from RFD
and some of the other channels is
very helpful. I pray the FCC can
stop this sort of thing and let
everyone have a part of the T.V.
line up. We know its not the
money they need, its the name
for themselves their after to show
off. I have to use Direct T.V because
there is no cable in our area.
God Bless all of you,

Dear FCC,

Please ~~stop~~ ^{stop} Version from dropping / canceling
disrupting our Rural, Independent TV, RFD,
and Blue Hump TV. There are so many of
our neighbors who watch the wonderful
gospel music and western shows and enjoy
them so much that a lot of us have
dropped our Cell Phones from Version.

We even call each other to tell us that
a special show such as "In Memoriam
of Jeey Feek etc". There is already too many
old Reality, Vulgar and Profanity Shows on
TV without Version adding to them.

People like the Version Co. people is
what is wrong with our World Today. We
will not watch whatever they want to replace
our Televisioning with! Plus - more people will
drop their Cell Phone etc. service from Version
as soon as their contracts run out!

Thanks for whatever you can do to help
us!

Sincerely, Sam L. Jones

I don't live in a \$300,000 home.
I live in a double wide

wouldn't trade it for

The world is too fast for

We have gotten too old to

our beloved country

we enjoy RFD-TV.

We like all the country shows,

RFD is the best channel for us -
decent shows - music, rodeo, farm news,
weather - we do have other programming
but this is our favorite.

We are not interested in the so-called
reality shows, and all the violence,
its enough to watch on our everyday
news, throughout the country.

Everything is directed (shows) for
the younger crowd, seniors are left
out - I guess they forget, we have
money to spend. _____!

Very aggravating to have your
shows pulled for wks, months, or
always due to some executive decision,
and then maybe, get it back, but
no credit for the time it was gone!
Thank God for RFD - Love it!
From the whole Swigg household.

Please listen FCC !!!

Dear I don't you want to
play Country music & programs?
Country music is the most popular
with the older audience & the young
A lot of young people today like
it, and it is the American music!
I will watch it as long as I
find it on my T.V. So I would
appreciate very much your leaving
it on. I hope you make a
good decision

We enjoy the good clean family shows on RFD. They have shows you don't have to worry about the whole family watching, because you're afraid they will hear or see something they shouldn't. I say thank you in advance for ruling for the family and us rural and country folks.

Dear FCC,

I am a 70 year old woman, born and raised in Southern Tennessee. I grew up, when you raised or grew your own food and food for your animals. In other words, I understand the basics of living from experience.

Even in this same area, we have 3 or 4 generations of people with no clue of basic living. They can't even make change without a calculator. I can't imagine the shape that people in metropolitan areas are about to take.

RFD-TV is vital for it brings wholesome, fun programming, but it also actually shows basic living and where our fruits, vegetables, meats come from and the people who provide them. Please keep RFD-TV in urban areas as well as rural areas. It is vital for our survival.

Sincerely,

Carol Perryman

Dear Sir:

I continue to be amazed that this issue of continuing RFD-TV is still around. We live in the real rural America, miles from health care, huge school districts with miles of travel, few opportunities for cultural events and all of the other "real" rural issues. Now you are threatening an up to date informational service for RFD for all of us. I want you to know we object!!

So it may concern

I'm a 68 ~~year old~~ ^{year old} ~~copy~~ ^{original} and I live in a Senior Building. There's not much to do except watch TV. There isn't anything worth watching unless you want to watch everyone take their clothes off or jumping in Bed together. There's nothing decent

I enjoy RFD because they have a lot of good music the kind I'm use to, and enjoy

I don't know why you all want to take something worth watching off the air. I wish there was more stations like RFD. I don't why you don't have more shows like Family Reunions, Marty Stewart Larry's Diner, Midwest Country

you need to keep shows like this on air

Thank you
Gonnie Upreight

Dear Sirs:

My life would be changed
if ever RFD was taken off

The other channels have
mostly garbage on them. I

some news on other channels.
I am 91 years old and enjoy
R.F.D programs so much.

To name a few is

Bill Gaithers programs

Jimmie Starr

Rodless

Country Family Reunions

Polka Shows

Shows about Texas

All the different State Shows

Please keep R.F.D on.

We watch RFDTV faithfully and think it's one of the only decent shows to watch for older generation. I'm 65 and watch TV mostly at night as I work during the day time. I am always recommending RFDTV to people I know.

I pray that you consider leaving it on the air.

We watch RFD - TV on Time Warner Cable.

We understand there is a "Notice Of Inquiry" in regards to independent broadcasters like RFD - TV being squeezed off the air. Really don't know anything about why this is occurring but suspect there is a move on to get rid of some of the best TV that attracts a lot of viewers.

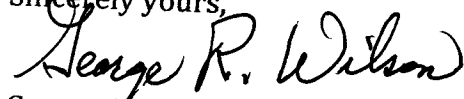

Each and every one of you need to take some time and watch RFD - TV. It is about the only station we watch. It is so educational where our food supply comes from. How it is raised, processed and marketed. The raising of livestock, expense, hard work and difficulties our farmers face each day. Farm News and how crops are growing around the country. The showing and judging of livestock, along with nutritional needs and care. Showing and training of horses along with the use of horses on small farms. Blacksmithing and shoeing a horse. These are just to name a few of very educational programs that all should watch, particularly our younger folks.

Then there is good country and bluegrass music. Programs like "Larry's Country Diner", "Country Family Reunion", "Marty Stuart Show", "Reno's old Time Music", just to name a few. Dancing includes the "Mollie B Polka Party"

All the programing on RFD - TV are great family intertainment. There are no programs or commercials you would not want to watch or listen to in a family setting.

Please keep RFD - TV on the air as long as we can.

Sincerely yours,

George R. Wilson
