WE watch RFD TV ON DIRECT TV. The programs on RFD TV ARE the majority of TV we watch. ISN'T it enough that we pay for many, many programs that we don't approve of and NEVER watch just to get the ones that we approve of and enjoy.

Please help us keep RFD TV and NOT be dictated to by people that have no idea what we prefer, but want only the programs that apply to their selfish ways and ideas.

DEAR FCC,

I WATCH RFD-TV ON DISH NETWORK AND IT IS ONE OF MY FAVORITE CHANNELS.

I LIKE THE FAMILY TYPE OF PROGRAMMING THAT THEY HAVE.

I ESPECIALLY LIKE THE MUSIC PROGRAMS.

I WOULD LIKE TO SHOW MY SUPPORT FOR THE INDEPENDENT CHANNELS SUCH AS
RFDTV BY REQUESTING THAT THE FCC STOP THE URBAN CABLE COMPANIES FROM
BLOCKING AND STOPPING THESE INDEPENDENT RURAL CHANNELS FROM
THEIR PROGRAMMING.

THEY DO NOT NEED TO BE TAKING AWAY SOME OF THE VARIETY FROM OUR TV WATCHING.

THANK YOU FOR ALLOWING US TO COMMENT.

Dear FCC, Proceeding number 16-41"

We watch Direct TV, and I am writing to ask you not to take away our RFD station as we watch it quite a bit, especially on weekends. Without this program we would be lost as there is really nothing different on any of the other stations and most of them are rerun after rerun. We like the country music theme and since we are elderly, we are not into most of the shows that are run and repeated. We saw them many years ago and most of them should be taken off. The channel that it comes on in our area is 345.

Thank you for your attention to this matter.

Sincerely,

I'm writing you to say I think you should leave RFD to continue to be shown on T.V. This is a good show in many ways. It is clean for kids to watch, there is no boob + Guts and no bad swear words. It's very good for farmers with weather updates, grain market reports, Cattle, Hogs, poultry. It also keeps us updated on foreign trade reports.

Another good thing it does is it shows urban and city folks where there food and fiber comes from and carefully it is grown. It gives accurate and ~~scien~~ scientific information about Agriculture.

Thank you and Leave RFD on the air

Please do what you can and defend independent channel so they are not taken off the Dish Network and others.

I watch RFD-TV on carrier Direct TV. It is nice to be able to watch wholesome programs without the violence and sex that is so prevalent on regular programming. Please make sure all the carriers continue to air RFD-TV. Thank you for your support.

Dear FCC:

I watch RFD-TV on Mediacom cable tv and really enjoy the programs. I look forward to them every day. It would be a shame to have it disappear. There are programs on RFD that you can't get anywhere else.

Please do not take it off the air. Also, if this applies to other independent channels, such as Heartland and the KET channels, please do not eliminate them either. I watch them regularly.

Thank you,

Dear FCC (Proceeding #16-41):

I watch RFD-TV on DISH Network. I read on-line that you are now accepting comments from citizens regarding the Notice of Inquiry (NOI) related to independent broadcasting. The possibility that RFD-TV could be removed from my programming is quite concerning. I would request that the FCC takes measures to prevent companies from removing RFD-TV from their offered channels.

I watch RFD-TV on Dish Satellite. I am a trustee on the New Hampshire FFA Foundation, helping to raise money in support of our students in FFA chapters. Less than 2% of the United States population is involved in the production of food and fiber. Many of that group are ageing out of the workforce and farm ownership. The importance of ensuring that information about agriculture, agricultural education and FFA are available to the public through broadcasting is key to attracting bright, motivated young people to promising careers. Therefore, I am in favor of increasing, not reducing, rural programming to urban and all sectors of viewers.

My wife and I watch RFD TV and we enjoy it very much. We are farm folks, we live on the farm my grandfather bought in 1881. My father and myself were born on this farm, so the programs on RFD TV are very special to us. We changed cable companies so we could get this channel and if it is taken off we will be very unhappy.

We watch RFD TV on Dish Network

Thank you for providing a comment period on the possibility of losing RFD TV from a number of television suppliers. As the senior member of a three generation dairy farm, I would like to tell you how important timely information is to us in the fast changing environment in which we produce. Although weather information is available, there is no other source to turn to for the latest agricultural market reports and newest technology effecting our profession.

With the global political chaos, it is more important than it has been since World War II that America has an efficient food processing system should we become involved again in world conflict. RFD TV brings us Rural Evening News, Ag PhD, Market Reports and many other programs to help us do a more effective job of producing the most healthful and economical source of food for the world.

All other programs are family oriented.

SECRET FILE COPY ORIGINAL

Dear Sirs:

It would be a great disappointment to me if I was unable to watch RFD-TV. I am a seventy-five year old widow. I live a lone in a rural area of Central Illinois. RFD-TV is the only channel that I can watch and know there won't be violence, sex or language that shouldn't be on T.V.

I love the weekend shows...
Haither Haspel Hour, Family Reunion,
Marty Stewart, Hee Haw, Daily & Vincent,
Jacy & Rory, and so many others. Also
cooking shows and interesting shows
like Nebraska Postcard and Texas Reporters
and the weather. If I cannot get
RFD-TV I will probably cancel
Direct-TV, which we have
had since it came to this area.

It should not surprise me that Verizon doesn't promote service to rural areas. They are not concerned that so many rural areas do not get a signal for mobile phones so why would they care if we get the T.V. shows we enjoy.

Wake-up Verizon, etc. There is still a rural America!

We have a special needs daughter Sarah who LOVES RFD. all The music programs are a Thepy for her. It puts a BIG smile on her face when we put it on. It would make her a little upset if we lose This station. Most T.V. programs are junk, and Killings. Can't They see we need more programs like what we see on RFD?
