RFD is our favorite
Channel to watch on Dish
Network. We like the Country
Music programs, The Cattle Info.
and the farm related programs
The Grand old Opry show "Larry's
Diner" as well as the
Cooking shows and multiple
other shows so ~~please~~ please
don't cancel our favorite Channel
on the T.V. it's a big thing
for us and our friends "P.S. I
almost forgot the Antique tractors".

Dear FCC (697)

I am writing this letter concerning
RFD TV. We enjoy RFD programming especially
the music. My wife and I are almost
72 years old and there are no other TV
channels that offer these programs.
We ask that you please leave RFD TV
on the air for us and Country
Others that feel the same as we do.

To The FCC;

How dare you try to take
RFD-T.V. off the air. Us
people in the rural part
of America who like farming,
and horses deserve to have
something we like to watch
on T.V. • Older people, like
us Seniors also like the
older country music. It's
the sound of our time. Some
of us really don't like a lot
of the new music in this
era.

Dear Patrick

DOCKET FILE COPY ORIGINAL

I hope we can keep our RFD TV channel for I loving watching the Hee Haw Joey & Roy and all the other music singers and the news Roy Rogers and the lone ranger. Patrick will the FCC let you put some other shows on for the people to watch like the old music storeman family, mid western hay ride, stanley Brown Bonnie Lou and Buster. for I was named after her but I never saw them and some westerns also for us to watch like Rin-tin-tin-fury, guns smoke The Virginia James dury played in. Patrick my tv co is People Rural telephone Co in Jackson Co Ky that is McKee 40447 and I pay 163.00 a month I have asked for 40 channels they say they can't do that I don't watch no sports of any kind so why can't the FCC help us instead of hurting the people. If I can't keep the RFD TV channel then I will stop all the shows then my phone bill will only be about 50.00 a month for I will only have a phone. I done without tv for 12 1/2 yrs and I can do it again I's Lonesome without a tv but I'll go to FCC what they can do for me and all the States for I amint the only one that watch RFD TV. So Patrick keep fighting for everyone and get the FCC to help us.

Thank you

Bonnie Lou McKinney

P. S. Patrick I have got Kin that play music and there is a man makes animals out of trees call me if you want to no more.

Dear FCC,

I watch RFDTV on DirectTV. My family is involved in Agriculture and RFDTV is the only place we can find programs that fill our interest and needs.

Food is a basic need for everyone and RFD is helping people understand where food comes from.

Please do not allow the big cable Companies to drop RFDTV.

Thank you,

RE: RFD-TV, Proceeding 16-41

DOCKET FILE COPY ORIGINAL

Dear FCC Commissioners,

I am writing today in support of the channel RFD-TV. Why? Because it is unique, important and special.

I am a professional entertainer. My particular favorite programming is the music they have on Friday, and especially on Saturday night. This is a rich vein of musical gold in the dreary landscape of television. Where else can I see this type and quality of musical entertainment? Nowhere else. That makes it unique.

Watching RFD-TV music – and travel and special event – programming, enriches my life and exposes me to people, places and events that I need to know about. That makes it important.

Not too long ago, I introduced my wife to “The Joey and Rory Show.” Like so many Americans, we fell in love with the couple who seemed cloaked in magic as they grew in success and notoriety. And, like so many others, we were broken-hearted as their world turned dark with tragedy. They were – and are, special. And it was RFD-TV that exposed them to the greater world. This is programming that adds to our entire culture. How can anyone think to take this away?

RFD-TV fills a vital niche for so many people. It must be preserved and supported. To lose this station from my DirecTV cable roster would be like a death. Don't allow it.

With love and respect,

Daniel Boffey

To those endangering RFD-TV: #1641

I am writing concerning the threat of RFD removal on our local TV.

RFD is very important and needed in this farming area. It provides farmers with weather forecasts, and daily grain and cattle prices, as well as, educational news and country Western music, unavailable on other channels.

Please keep RFD on the air!

We have been away from home here in Sevierville, TN. for three months.

We winter in the Fl. Keys at a campground that has cable T.V. It does not carry the RFD.TV Channel and we missed it.

We were really looking forward to getting home and enjoying the programming the RFD has. When I saw the info. on the screen that it may be taken off Dish Satellite I was not happy.

We are older people who miss the simpler things that T.V. has lost sight of.

Please do not let this Channel go. We really need more like it, not less!

Sincerely,

Bill & Barbara

P.S. It's Sun. Am.

on my T.V. screen.
Thanks for caring.

I use Dish TV. RFD-TV is an important tool for the rural community. It is essential to farmers. It keeps them abreast of new farm equipment, techniques, chemicals, and market conditions. Farmers feed the world and you/we need to do all we can to assist them.

RFD-TV has "clean" programming suitable for family entertainment. Please do not allow the "BIG BOYS" to drop RFD-TV from its programming.

Sincerely yours

I am asking you please **do not** let the cable companies block RFDTV from their programming!!

I am a farmer & watch RFDTV on Dish Network. It is a very valuable daily resource for me to get their marketing information, weather reports, & a lot of other farm information which I watch daily. They have many programs which are educational for both rural & urban families. The Future Farmers of America are also on some of these programs & they are our future in agriculture. Even the entertainment is good wholesome programs to watch. It would be a great loss for many if these programs are blocked from the various companies who control them.

I am asking you to take this into consideration in making a decision about this matter. Thank You

To The FCC Concerning RFD-TV.
I am writing to tell you I think
we the people deserve to have the channels
we want on. We pay for them on
Cable and Satellite.

Please Keep RFD-TV on

I like to watch Roy Rogers and the
sons when it is on and I like all
the country shows.

A lot of the new shows are trash
to me. I would rather watch decent
TV.

A lot of ~~us~~ ^{us} people like the
old shows.

I especially like Molly B's folk
and Larry's Diner and Ray Stevens
and all of the singing.

Please let us choose what we want.
Please keep it on.

I loved to watch Guey and Rosey
and was saddened to hear of her
cancer. The last show that was
done before her death and it was in
remembrance of her was excellent
It will be missed.

Also I seen where you want
to talk of CET. Please reconsider.
Think of the viewers.

Thank you
