Dear FCC  
This is in regard  
to 16-41

I watch RFD TV  
on Direct TV  
If it weren't for RFD TV

with its wonderful shows  
on horses and agriculture  
I wouldn't watch TV as  
much as I do. The horse  
and horse training shows  
that are so important  
to me, are only offered  
on RFD TV. I learn a lot  
and am entertained in ways

2.

that I had never experienced on TV. RFD TV covers many aspects of horses that I have come to expect and rely on.

Where else can you see important biographies of horse personalities (trainers, etc.), or team roping, truck riding, and Draft Horses?

It is a wonderful channel and like I said there is nothing else like it. Please understand I am submitting this comment to keep RFD TV programming.

3.

Thank you.

Attention FCC 1641

I would like to express to you how much my husband and I enjoy the programs on RFD-TV. We're Senior Citizens that grew up listening to the Grand Ol Opry on the radio and just recently came across RFD-TV. Now that we have found it, we're very sorry to hear you're wanting to take it off the air. I hope and pray you don't. Older people like ourselves would much rather hear the old time Country and gospel music that we hear on RFD-TV, it takes us back to a time that we had decent music and programming that the whole family could watch together and not have all that indecent talk and exposure they show today. It's hard to find a program to watch that is worth watching. That's how we came across RFD-TV searching for something decent to watch. We both were overjoyed to find it, so we've been watching ever since. There's a lot of information on there about many things that concern farming and agriculture and places to go. We would be so grateful if you would keep this station on the air, we sure would appreciate it. Please keep it going for old timers like us.

We subscribe to cable through piedmont Communications at Reeds telephone. in Davidson County, North Carolina

Sincerely

Mr. & Mrs. Henry Leonard

Please Keep RFD-TV on the air.

Gentlemen,

We, along with Friends, are very much hoping R.F.D. T.V. will not be taken off T.V.

This doesn't seem American, or in a democracy, there doesn't seem to be any right way in constantly having R.F.D. Fans threatened to cut off our R.F.D.

We love Marty Stuart Shows, Presleys Jubilee, Country diner, Ray Stevens Show Old Hee Haw, etc. also, we all wish Marty Stuart was 1 hr. instead of 30 min.

We wish R.F.D. could even be interested + able, to obtain + show old shows that were on the Nashville Network, possibly in the 80's? Variety-type show, it was 90 min long (think) "Nashville Music City Tonight". It was fantastic music, Band was awesome, LISA Stewart, RONNIE McDowell, TAREVA Henderson, TERRY Mike JEFFRIES + they had a guest, usually.

"White Horse Saloon" was dancing western music + it came from Nashville on same Nashville channel then. They danced to all current hits + was good! Husband hurried home to see it 5 days wk +

Thanks + good Luck!

RE: **PROCEEDING NUMBER 16-41**

Dear FCC:

I watch RFD-TV on my Satellite provider Direct TV. I am asking that you do not take this rural station off the air. We are senior citizens who regularly watch RFD-TV for most of our TV viewing and enjoy the programs especially on the weekends with the Country Music programs, Molly Bee, Farm programs, weather etc. We do not watch a lot of the network channels such as ABC, CBS, NBC in the evenings as there are mostly violent type programs being shown, such as CSI, Criminal minds etc. These programs are what is leading our young people to crime and violence, as they see it all the time in this type of programming. RFD is wholesome, educational and family friendly viewing.

As a RFD-TV viewer, we beg you do not take this station off the air.

Sincerely,

Dear Sirs, 1641

I am writing this request in behalf of my family, my children, grand children, and great grand children. We have enjoyed watching RFD TV for many years. We are farmers and ranchers, and have many ranch families, our friends who also watch and enjoy R.F.D.T.V.. It is not only enjoyable but informative, and educational.

It would be very disappointing to lose this station, that we have grown to treasure.

Thanks, for letting it continue!

Dear MR. RORY FEEL,

I've watched The Joey and Rory show on RFD TV for as long as I can remember. When it wasn't on I watched on my cell phone u tube. The two of you were my greatest couple of all duets. It really broke my heart to hear the news on March 4 @ 2:30 P.M. I'm sure a lot of hearts were broken that day but not as broken as yours was. For whatever pain we suffered, you suffered more. I can't even imagine what you must be going through at her passing.

Some time ago I wrote RFD a letter c/o Joey and Rory. I had explained that I was 69 years old and lived alone. I requested some pictures of you and Joey to hang on my wall so that I could tell everyone that I wasn't alone, I had Joey and Rory hanging around with me every day and night. As of yet I have received no letters or pictures. I can only guess that with all the fan mail you get, my letter must have got lost in the stack of mail and has not been read yet.

I have March 4th; 2:30 P.M. marked on my calendar and have committed myself to fasting the 4th day every month in Joey's honor and the respect for her bravery. In my last letter I stated that you were the luckiest man in the world to have such a beautiful and talented woman for a wife. Along with many others I feel as though I lost someone that day that was very special to me. →

We watch RFD-TV on DinoTV  
channel 345.

We need more stations like RFD-TV  
not less!

We have lived in a rural area all  
our lives. RFD-TV is what that  
rural life is all about!

It is a family station that airs  
shows that you are not afraid to

It is a good clean station that a

to RFD TV.

We are writing in regards to the matter of the urban based cable companies such as Verizon dropping rural TV channels from their programming. We now enjoy RFD TV on dish network. It is getting costly but as we are seniors we enjoy the good traditional country music and other programs about rural America. It is an important segment of our country. It seems it is being discriminatory to drop these channels and programs. I am sure the farmers and agriculture industry get a lot of value from the informative programs. You have the authority to stop the removal of these programs. Please give it serious consideration. There is a lot of people in this country depending on the availability of this channel.
