To Whom It May Concern:

The FCC's Open Internet Rules (net neutrality rules) are extremely important to Americans, myself included.

I urge you to protect them.

I don't want ISPs to have the power to BLOCK websites, SLOW them down, to give some sites an advantage over others, or split the Internet into "fast lanes" for companies that PAY EXTRA and "slow lanes" for the rest. DO NOT let giant ISPs censor what We the People can see and do online.

Censorship by ISPs is a serious problem. Comcast has already throttled Netflix, AT&T has blocked FaceTime, Time Warner Cable has throttled the popular game League of Legends, and Verizon ADMITTED it will introduce fast lanes for sites that pay-and slow lanes for everyone else-if the FCC lifts the rules.

This WILL DESTROY consumers and businesses, large and small. Courts have made clear that if the FCC ends Title II classification, the FCC must let ISPs offer "fast lanes" to websites for ANOTHER fee.

Chairman Pai, has made clear that he intends to do exactly this. Why does he believe that everyone is made of money and can afford to pay more and more and MORE for anything? This whole nation is pinching pennies in every area just to pay their bills. But if some companies can pay our ISPs to have their content load faster, startups and small businesses that can't pay those fees won't be able to compete. This will kill the open marketplace that has enabled millions of small businesses and created the 5 most valuable companies in America-just to further **enrich a few much less valuable cable giants famous for sky-high prices and abysmal customer service.**

Internet providers will be able to impose ANOTHER PRIVATE "TAX" on every sector of the American economy. Moreover, under this plan, ISPs will be able to make it more difficult to access political speech that they don't like. They'll be able to charge fees for website delivery that would make it harder for blogs, nonprofits, artists, and others who can't pay up to have their voices heard.

I do not understand how you even have the power to GIVE AWAY something that BELONGS to the American People and the WORLD!

The FCCs proposal to dismantle the HARD-WON PROTECTIONS of Net Neutrality will DESTROY consumer choice and FREEDOMS this country claims they stand for! MILLIONS of Americans HAVE spoken out to remind you all that Net Neutrality is VITAL to a free, open Internet.

It is up to you to UPHOLD this Fundamental Policy and to REJECT the rollback.

LISTEN TO US!

WE THE PEOPLE who want a FREE and OPEN Internet.

DO NOT give the internet over to ANYONE!

Keep out internet OPEN and FREE!

Sincerely

*Don & Cindy Bissell*
