NARRATIVE RESPONSE TO FCC DATA REQUEST: SERVICE PLAN DATA

The files entitled “Service Plan Data_Postpaid,” and “Service Plan Data_Branded Prepaid,” contain information responsive to this request for AT&T’s postpaid and branded prepaid plans, respectively. As discussed with FCC Staff, AT&T is providing responsive information for postpaid services only for AT&T’s Mobile Share and Unlimited Plans. In addition, as discussed with FCC Staff, AT&T’s response does not include information related to IoT/M2M connected services.¹ AT&T will submit information responsive to the Service Plan Data request for its Cricket subsidiary next week.

¹ AT&T does not in the ordinary course of business maintain the requested data in the manner requested. The data in the exhibits reflect AT&T’s best efforts to populate the FCC tables using data that AT&T does maintain in the ordinary course. **[BEGIN HIGHLY CONFIDENTIAL INFORMATION]**

[END HIGHLY CONFIDENTIAL INFORMATION] In addition, because AT&T’s plans as reported in this table include bundled data, voice, and text services, AT&T does not have separate revenues to report for data, voice, and text services.
