

My name is Lauren Yingling and I am currently a freshman in high school. I rely on the internet every day as it has become a valuable source of information to benefit my education. However, with the upcoming vote on net neutrality, my education is being put at stake. Having big corporations limiting and banning certain websites, I will no longer be able to access resources that I currently need to educate me on difficult subjects. Net neutrality has only helped a student like me succeed. A vote to maintain net neutrality is a vote to save mine and other students educations.

Regards,
Lauren Yingling
