Federal Communications Commission

Re: Docket 05-311
PEG Channel Funding

To Whom It May Concern:

I strongly disagree with the rule changes proposed by the Federal Communications Commission, where cable providers would be able to count the value of the PEG stations themselves toward the fee they pay to local communities.

Here on Nantucket Island, NCTV18 provides an invaluable service across all segments of our community.

Please do not impose the rule changes as proposed due to the negative impact that will result on interests of the public.

Sincerely,
