Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance (“CAPA”) and to disapprove of the proposals and tentative conclusions set forth in the FCC’s September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05- 311.

As a child, I had the opportunity to be part of productions with my community access television station. Just seeing the studio - the cameras, the lights, the editing decks - showed me that television was made by real people. This made me a wiser consumer of media, and it led me down a path to art school, where I learned more about video production and performance, and later, jobs at television stations. Local access builds community and helps people develop skills and find their voice. Please continue to support local media.

Regards,

Lynne Doncaster
