In re: **Princeton Child Div**  
Billed Entity Number: 9209  
Appellant: E rate Solutions Group  
Fund Year: 2017 FCC Form 471: 171012075 & 171037365 (category 1 & 2)

Dear Ms. Dortch:

This is a "Letter For a Waiver of the 60 day time to file an appeal for 471 App 171012075 & 171037365. The application should not have been denied as the applicant/consultant submitted the requested information during the original review. Due to various system issues, outages and maint., we were unable to file the appeal by the end of the 60 day time (which ended on December 11) to file an appeal as due to EPC issues.

Therefore, since the application should not have been denied and the EPC system should have been more reliable and accessible that the enclosed information should be accepted. Please accept this appeal which only a few days late due to the issues raised above so that the school is not penalized.

I believe that the intent of the program is to make sure all eligible schools and libraries receive phone, internet access and internal networking equipment maintenance services as well as internal networking equipment. This school should not be penalized due to any delays in providing requested information which was beyond their control. I sincerely hope that this material will be reviewed and the application reviewed on the information previously provided.

Thank you,
