

Region 5 700 MHz Regional Planning Committee

December 12, 2018

RE: Modification to Region 5, 700 MHz Allocation Spreadsheet, Docket 02-378

Marlene H. Dortch
Federal Communications
Commission
Office of the Secretary
445 12th street, SW
Washington D.C. 20554

Dear Secretary Dortch:

Please accept this amendment to the Region 5 700 MHz allocation spreadsheet for approval. This change adds channel 95-96 and 567-568 for the City of Santa Maria. City of Santa Maria is more than 70 miles from Regions 3 AZ and Region 27 NV, so no concurrence is needed for those Regions. Santa Maria is within 70 miles of Region 6 and Region 6 granted concurrence. A copy of that email exchange is filed as part of this filing.

Given the Region 6 concurrence and distance from the other adjacent regions, we believe this should be considered a minor amendment. Also attached is the proposed new spreadsheet showing these changes in red font.

This change was approved at the July 2018 regular monthly frequency coordination meeting per the Regional 5 Plan requirements.

Sincerely,

A handwritten signature in black ink, appearing to read "David Buchanan", with a long horizontal flourish extending to the right.

David Buchanan, Chair
Region 5 700 MHz Regional Planning Committee
