**Re: Certification of Public Notice(s) of Copper Retirement Network Change  
Under Rule 51.332(d) WC Docket No. 17-256, Report No. NCD-2763**

Dear Ms. Dortch:

Frontier Communications is submitting its certification of public notice of copper retirement network change as required by FCC Rule 51.332(d).

Please feel free to contact me at (916) 686-3588 or by email at [joe.chicoine@ftr.com](mailto:joe.chicoine@ftr.com) if you have any questions.

Respectfully,

/s/ Joe Chicoine

CERTIFICATION OF PUBLIC NOTICE(S) OF COPPER RETIREMENT NETWORK CHANGE UNDER RULE  
51.332(d)

Copper Retirement WC Docket 17-256, Report No. NCD-2763

I certify under penalty of perjury that, to the best of my knowledge, information and belief, the foregoing is true and correct. Executed on December 21, 2017.

1. Identification of Proposed Changes: Retirement of copper distribution and loop facilities at locations in the Spencerport, NY central office, 21 West Avenue, Spencerport, NY;
2. On September 8, 2017, notice was given in compliance with 47 CFR § 51.332(b)(1);
3. On September 8, 2017, Frontier timely served a copy of its notice filed pursuant to 47 CFR § 51.332(b)(1) upon each entity within the affected service area that directly interconnects with Frontier's network;
4. Attachment A provides the name and address of each entity referred to in paragraph 3, above, upon which Frontier served written notice;
5. On September 8, 2017, Frontier timely notified and submitted a copy of its public notice to the New York State Public Service Commission, Office of the Governor of New York and to the Department of Defense in compliance with 47 CFR § 51.332(b)(4). No Tribal Nation will be impacted by this copper retirement;
6. On September 18, 2017, Frontier timely served the customer notice required by 47 CFR § 51.332(b)(3) upon all retail customers to whom notice is required;
7. Attachment B contains a copy of the written notice provided to retail customers;
8. Frontier has complied with the requirements of 47 CFR § 68.110(b);
9. Frontier has complied with the good faith communication requirements of paragraph 47 CFR § 51.332(g) and will continue to do so until implementation of the planned copper retirement is complete; and
10. The Commission has assigned WC Docket No. 17-256 and Report No. NCD-2763 to Frontier's copper retirement notice.

---

Allison M. Ellis  
Vice President – Regulatory Affairs

**September 2017**

Dear Valued Customer,

The purpose of this letter is to advise you that Frontier® is planning a network upgrade in a portion of the Spencerport serving area. This upgrade will consist of migrating clients from copper facilities to fiber facilities.

Once the upgrade is completed, your service will be provided over a state-of-the-art fiber optic network. The existing copper network will be permanently retired and will no longer be available to clients in the affected area.

The planned network improvements will begin **September 2017**, and continue for several months. This network upgrade will require a Frontier technician to access your home on two separate occasions:

- First, to install an Optical Network Terminal (ONT) and a battery back-up power supply at your home. This will not affect your current service, but is simply necessary to prepare your home for FiberHouse equipment.
- Second, to test your services on the new facilities. At this time Frontier will replace and/or configure your Frontier provided equipment for the new enhanced fiber network (depending upon the services you receive from Frontier). Your service will be interrupted temporarily during this final visit to install/program new connections.

**There is no additional cost to you for the site visits or upgrade of Frontier's network.**

With the upgrade to fiber-based facilities, you will still be able to use your existing services including any features you may have. In addition, there will be no change to your terms and conditions that apply to your service(s). Additional information will be mailed to you as the planned network upgrade date gets closer. If you have any questions, please call **1.585.777.3758** or send an email to **John.Zalacca@ftr.com**.

Should you experience service delays or difficulties beyond the scope of this notification, please contact Frontier Repair Service at **1.800.921.8104**. Your satisfaction is very important to us. Thank you.

Sincerely,

John Zalacca  
Local Engineer
