DECLARATION AND VERIFICATION OF JOSEPH FISHLEIGH

Declaration and Verification of Joseph Fishleigh

I, Joseph Fishleigh, hereby declare, under penalty of perjury, as follows:

1. I am greater than eighteen years of age and am competent to make this Declaration and Verification.
2. I am the General Manager of WLOS(TV) (“WLOS”), Asheville, North Carolina, and I have held this position since June 2017. I also served as Director of Sales for WLOS from 2009 until May 2017.
3. WLOS is the ABC affiliate for the Greenville-Spartanburg-Asheville-Anderson Designated Market Area. WLOS serves four counties located in Georgia, including Stephens County, Franklin County, Elbert County, and Hart County.
4. Based on a review of corporate records, it is my understanding that WLOS has likely been carried on DISH and DIRECTV in Stephens County, Georgia, at least since each September of 2000 (DISH) and June of 2000 (DIRECTV). WLOS is carried on Channel 13 on DISH and on Channel 13 on DIRECTV in Stephens County.
5. WLOS provides news, weather, and other information of local interest to the residents of Stephens County and the other three Georgia Counties—Franklin County, Elbert County, and Hart County—in the Greenville-Spartanburg-Asheville-Anderson DMA. Some recent examples are attached to this Declaration as Attachment 1.
6. I verify that the factual matters contained in the foregoing Joint Opposition to Petitions for Special Relief are true and correct to the best of my information, knowledge, and belief.

[signature appears on the following page]

I declare, under penalty of perjury, that the foregoing Declaration and Verification is true and accurate to the best of my knowledge, information, and belief.

SIGNAL STRENGTH AND DISTANCE

Toccoa, GA (Stephens County) – Current Channels All Channels

The Signal Analysis Report lists the broadcasters in your area, ranked from strongest to weakest, according to 3D propagation modeling of the location and height (optional) that you entered. The background color of each transmitter in the table is color coded as follows:

Background color	Estimated signal strength
Green	An indoor "set-top" antenna is probably sufficient to pick up these channels
Yellow	An attic-mounted antenna is probably needed to pick up channels at this level and above
Red	A roof-mounted antenna is probably needed to pick up channels at this level and above
Grey	These channels are very weak and will most likely require extreme measures to try and pick them up
