/s/ Joe Chicoine

Title of Network Notification:

CCBFTR01605

Carrier Customer Bulletin

PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333

Date of Bulletin: December 17, 2018
Notice #: CCBFTR01605
Audience: Interconnection Customers in Hillsboro, OR (CLLI: HLBOORXB)
Subject: Public Notice of Copper Retirement Under Rule 51.333
Date Effective: 15 Days After FCC Public Notice

Network Change:

Frontier Communications announces that it is retiring copper facilities in the following wire center located in the state of Oregon:

Wire Center	Address	CLLI
Hillsboro	921 SE Baseline St. Hillsboro, OR 97123	HLBOORXB

The specific serving locations are listed on Attachment A. Frontier has deployed a fiber network in these areas and is already providing and offering services over a fiber network infrastructure. There are no customers that currently use the copper facilities that are being retired, and thus these facilities are eligible for 15-day processing. *See* 47 C.F.R. § 51.333(b)(2).

Description of Reasonably Foreseeable Impact of the Planned Changes:

For the locations reflected in Attachment A, Frontier will (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities.

Prior to Frontier's purchase of these facilities, Verizon had installed fiber in the above referenced wire center locations. No existing customers use services over these copper facilities reflected in Attachment A, and all affected locations are also served by fiber.

In accordance with FCC Rule 47 C.F.R. §51.333(a)(1), all telephone exchange service providers that are currently interconnected at this central office location are being notified. There are no impacted customers because no customers currently subscribe to services utilizing these copper facilities.

Description of any changes in prices, terms, or conditions that will accompany the planned change(s):

Because there are no customers on these facilities, no customers will be affected by changes in prices, terms, or conditions.
