STATEMENT REGARDING REV. PHILIP R. AQUILAR

Rev. Philip R. Aquilar, National Minority TV, Inc.'s vice president and a director, is the pastor of Set Free Christian Fellowship which operates a 4,000 member church in Anaheim, California. Rev. Aquilar founded Set Free Christian Fellowship in the early 1980's, and in addition to its church facilities in Anaheim, the ministry operates three ranches, one in California, one in Texas, and one in Illinois. These ranches are used by Set Free Christian Fellowship as rehabilitation and counseling centers for drug and alcohol abusers and addicts, individuals with criminal pasts, and troubled people. Since its founding, and under Rev. Aquilar's stewardship, Set Free Christian Fellowship has helped many people with alcohol and drug problems, and criminal pasts.

In the mid 1970's, 16 years ago, Rev. Aquilar was a drug abuser and addict. During that time of his life, in 1976, Rev. Aquilar was arrested for child assault. This was a violation of section 273(d) (child beating) of the California Penal Code, and on February 25, 1977 Rev. Aquilar entered a guilty plea in Orange County Case No. C-37218.

In March 2, 1977 Rev. Aquilar was incarcerated in the Chino State Prison, and was later transferred to the Vacaville State Prison. Rev. Aquilar's sentence was for no less than one year nor more than ten, and he was paroled a little more than a year after his conviction, on April 28, 1978. Rev. Aquilar's parole ended a year later, on May 7, 1979, and since the events of late 1976 when

he was first arrested, Rev. Aquilar has had no run-ins or incidents with the law, and has lived a decent and God-fearing life.

Dear Jim:

It has come to my attention that your station may be operating with only one set of audio carts for their station's Sign Off, Sign On, and Statement of Ownership. In the event that the audio carts should fail, it is imperative that a master of your Sign Off, Sign On, and Statement of Ownership be kept.

Be sure there is always a back up for these FCC required announcements on an ongoing basis.

If you need these tapes provided for you, please contact Randy Clark in our Production Department immediately.

Special Meeting
of
National Minority T.V. Inc.

A special meeting of National Minority T.V. Inc. was held on June 27, 1991. All directors were in attendance and consented to the meeting.

The President reported on the status of our application for a station in Wilmington, Delaware. Opposition to the transfer of the license to operate the station has been filed with the F.C.C., but our F.C.C. counsel feels our position is strong. A September deadline for closing the transaction is included in the purchase contract. Colby May is attempting to obtain an extension.

The board discussed the Portland station. The studio is completed and we should be able to produce live programming by this fall. The station manager will create programming for national broadcasts once local Portland programming begins.

Jane Duff reported that five applications for low power stations are pending before the F.C.C. The locations of the low power stations are in Amarillo, Texas; Charleston, West Virginia; Prescott, Arizona and Wichita Falls, Texas.

Jane Duff reported the transfer of our Midland/Odessa station closed on April 5, 1991 with no problems.

A motion by was made by Phil Aguilar and seconded by Jane Duff to memorialize the corporation's reimbursement policy for business expenses. The following motion was then made, seconded and passed:

WHEREAS, it has heretofore been corporate policy to reimburse employees for verifiable business expenses;

Mr. Jim McClellan, Station Manager
KNMT-TV Channel 24
432 Northeast 74th Street
Portland, OR 97213

Dear Jim:

The time for renewal of our medical insurance is at hand. The cost of medical coverage is very high, and the Board of Directors would like each employee to know how important it is to them to have a good health plan at a reasonable cost. We have worked very hard to accomplish this for the coming year without having to raise the monthly premiums.

We would like to request that you use prudence in using your medical coverage as well as the prescription service. Obviously we want you to use it when needed, but on the other hand if it is abused this drives the cost up which eventually gets passed onto the employee. Another fact you should be aware of is that your medical insurance plan is self funded which means that NMTV pays all claims up to \$40,000.00 per person each year.

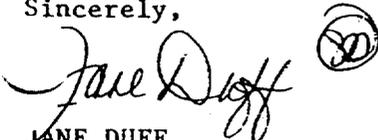

Here is a list of the basic changes which will occur as of July 1, 1991:

1. Administrator will change from Escobar to Drake.
2. Prescription service will change from PCS to a company by the name of Avesis. The co-payment will go from \$5.00 to \$8.00 per prescription. You may continue to use your PCS cards during the month of July or until you receive new cards.
3. The co-payment under CAPP CARE will change from \$10.00 per visit to \$15.00 per visit.
4. The yearly deductible for those who do not use CAPP CARE remains \$200.00.
6. Monthly premiums remain the same.

The change of administrators will necessitate prompt action on the part of everyone involved. We are enclosing new enrollment forms to be completed by all who have medical coverage. Please complete these forms and return them to Personnel via UPS Next Day Air. During July until your new coverage cards are received you will need to call the following number to confirm coverage: (714) 370-0608.

If you have further questions, please feel free to call the Personnel Office.

Sincerely,

JANE DUFF

From: Ben Miller

Subject: LPTV Part 74 Compliance

After the debacle in Salt Lake City, I am re-evaluating our system of handling problem situations as it is now obvious that it is not working as it should.

First, I would like to request that Jim contact ITS, TTC and Acrodyne try to design and make available both as an option and retrofit kit, an audio limiter circuit which can be placed integrally into the transmitters to preclude any possibility of overmodulation. If that cannot be done in one or any of the cases, we will need to see that stand-alone limiters are installed in all new sites and retrofitted in all existing sites. In the interest of fulfilling our representation to the Commission specifically for Salt Lake, I am sending a stand-alone unit to Jim now for immediate installation. Let's also make a point of installing limiters in all stations scheduled for remote control installation in the future as well.

Secondly, Salt Lake pointed out a major flaw in the trouble reporting system which need immediate attention. Jim or Jay must identify any condition which is reported that could render the transmitter in violation of Part 74. If it cannot be taken care of immediately (same day), then you are instructed to exercise a judgement call and have the transmitter shut down. If it all possible we should be notified when you do it or as soon as possible thereafter so that we can provide notifications. If shut down is required then you will obviously need to place the highest priority on dealing with the problem.

Furthermore, the lack of diligence on the part of Mr. Gilbert demonstrates that although he may be otherwise qualified, he certainly did not seem to place the channel 36 facility very high on his priority list. This is particularly irksome as the original problem was his fault to begin with. I feel that he should be replaced as soon as possible. My bigger concern is; how many more Mack Gilberts do we have out there? I am led to believe many more, and some worse. I'd say that an immediate effort needs to be launched to terminate any and all under-responsive or under-qualified
