SPECIAL MEETING
TRINITY CHRISTIAN CENTER OF
SANTA ANA, INC.
June 3, 1988

A special meeting of Trinity Broadcasting Network Inc. was held on June 3, 1988 at the corporate office. All directors were present.

The Board discussed the corporate personnel manual and particularly provisions allowing the combination of personal days off for holidays and vacation and pay during jury duty.

After discussion it was moved, seconded and passed that the corporate personnel manual be amended to clearly state that the corporation will not pay for time spent on jury duty, unless such failure to pay is prohibited by state or federal law.

It was further moved, seconded and passed that the policy manual be further modified to provide that personal, sick or vacation days shall not be taken one or two days at a time within the week of a regularly scheduled holiday or within one week prior to such holiday, with the exception of an actual illness requiring absence from work or other exceptions approved by the corporate President's office.

Jane Duff discussed Channel 63 in Monroe, Georgia. A construction permit has been offered to the corporation for the permit. The channel covers Atlanta, Georgia. It was moved, seconded and passed that the President be authorized and empowered to negotiate with the owners of said permit for the purchase of same and to execute documents that will provide for a purchase price not to exceed Three Million Dollars (\$3,000,000.00).

The President announced that an offer for the purchase of a permit in St. Louis has been informally accepted. The price will be One Million Dollars. The purchase was approved by unanimous vote.

The board then discussed the purchase of improved real property in Anaheim located next to the House of Paul which is used for ministry to those in need. The house being considered would provide expanded facilities for the poor and the needy.

The following resolution was adopted by unanimous vote:

RESOLVED, Terence Hickey and Phillip Crouch, acting together or alone, are authorized and empowered to execute and deliver escrow instructions, amendments to escrow instructions, promissory notes, trust deeds, contracts, demands, credit applications, notices, statements, and all other documents in the name of the corporation that they deem necessary and

Re: FCC Application
Odessa, Texas
Receive/Only Earth Station

Dear Mr. Miller:

Enclosed please find the application for FCC license for the above referenced earth station. The application will require completion of some documents which you provide. These are as follows.

Exhibit A: FCC Form 403, please complete and sign.
Part V Applicant's Waiver: please date and sign.

To file this application send the original with two copies of the entire application, and a check in the amount of \$200.00 per earth station, made payable to the Federal Communications Commission to:

Mr. William J. Tricarico, Secretary
Federal Communications Commission
1919 M Street, N.W.
Washington, D.C. 20554

You will need to file this application by October 22, 1988. If you cannot meet this deadline, please contact us so that an extension notice can be provided.

If you have any questions, please call.

Sincerely,

COMSEARCH, INC.

Gary K. Edwards
Frequency Coordinator

Permit File No.: BPTTL-870702T9

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

This permit shall be automatically forfeited if the station is not ready for operation within the time specified (date of expiration) or within such further time as the Commission may allow, unless completion of the station is prevented by causes not under the control of the permittee. See Sections 73.3598, 73.3599 and 73.3534 of the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 74.13 and 74.14 of the Commission's Rules.

RE: Application of National Minority TV, Inc. for a New TV
Translator Station on Channel 36 to Serve Salt Lake City,
Utah

Dear Sir or Madam:

Filed herewith, in triplicate, on behalf of the referenced
party is a construction permit application submitted on FCC Form
346 for a new TV translator facility.

In addition, pursuant to Commission Rule 1.1104, a check in the
amount of the required filing fee of \$375.00, made payable to the
"Federal Communications Commission," is also attached.

If any questions should arise concerning this matter, kindly
contact the undersigned directly.

Respectfully submitted,

MAY & DUNNE, CHARTERED

SECTION I - GENERAL INFORMATION

1. Name of Applicant National Minority TV, Inc.	Address P. O. Box C-11951 City Santa Ana State CA Zip Code 92711 Telephone No. (include area code) (714) 731-7571
--	--

2. This application is for: (check one box)

- Low Power Television TV Translator TV Booster

(a) Proposed Channel No.	(b) Community to be served:	
36	City Salt Lake City	State UT

(c) Check one of the following boxes:

- Application for NEW station
- MAJOR change in licensed facilities; call sign: _____
- MINOR change in licensed facilities; call sign: _____
- MAJOR modification of construction permit; call sign: _____
File No. of Construction Permit: _____
- MINOR modification of construction permit; call sign: _____
File No. of Construction Permit: _____
- AMENDMENT to pending application; Application file number: _____

NOTE: It is not necessary to use this form to amend a previously filed application. Should you do so, however, please submit only Sections I and VII and those other portions of the form that contain the amended information.

2

SECTION II - ENGINEERING DATA AND ANTENNA AND SITE INFORMATION

Facilities requested:

Output Channel No.	Transmitter Rated Power Output	Proposed Community(ies) to be served	
36	1.0 kilowatts	City Salt Lake City	State Utah

Frequency Offset (check one)

No offset Zero offset Plus offset Minus offset

Translator Input Channel No. Received Via Satellite

2. Proposed transmitting antenna location:

City Near Salt Lake City	State Utah	County Salt Lake
Address or other description of location: On existing tower, 2.9 km. northeast of junction of SR 184 and U.S. Rte. 89		Geographical coordinates of transmitting antenna to nearest second North Latitude West Longitude <u>40° 48' 27"</u> <u>111° 53' 18"</u>

Attach as an Exhibit a map or maps (preferably topographic, if obtainable, such as Geological Survey quadrangles) of the area of the proposed transmitting antenna location shown drawn thereon the following data:

Exhibit No. A

- a. Scale of kilometers
- b. Proposed transmitting antenna location accurately plotted.

3. Transmitter:	Make TTC	Type No. XL1000MU	Output Power P 1.0 kilowatts
4. Transmission line:	Andrew	LDF7-50A	Length 50 feet Rated efficiency E for length given (decimal fraction) 0.932

5. Transmitting antenna Directional "off-the-shelf" Directional Composite (Multiple Antennas) Non-Directional

Manufacturer Bogner	Model B8US	Description ¹ Slotted cylinder
Orientation of main lobe ² 180°T	Overall antenna structure height above ground ³ 30 meters	Elevation of Site ⁴ 1731 meters
		Power gain G (multiplier) in the horizontal lobe of maximum radiation relative to a halfwave dipole ⁵ 33.0

Effective radiated power (ERP) $(ERP=P \times E \times G)$ 30.8 kilowatts
 Height of antenna radiation center above ground 9 meters
 Height of antenna radiation center above above mean sea level 1740 meters⁶

- 1 Give basic type using general descriptive terms such as half-wave dipole, "bow-tie" with screen, corner reflector, 10 element Yagi, 4 element in-phase array, two stacked 5 element Yagis, etc.
- 2 For directional antennas in the horizontal plane show the direction of the main radiation lobe(s) in degrees with respect to true north in a 360 degree horizontal azimuth, numbered clockwise, with true north as zero azimuth.
- 3 Show overall height above ground in meters to topmost portion of structure, including highest top mounted antenna and beacon if any.
- 4 Show the ground elevation above mean sea level in meters at the base of the transmitting antenna supporting structure.
- 5 Give the actual power gain toward the radio horizon.
- 6 This is equal to the sum of the site elevation and the height of the antenna radiation center above ground.

Attach as an Exhibit a vertical plan sketch for the proposed total antenna structure, including supporting structure, giving overall height of structure in meters above ground, including lighting beacon (if any).

Exhibit No. B

the proposed antenna supporting structure be shared with an AM radio station?

Yes No [X]

If yes, list the call sign of that station.

Does not apply

Attach as an Exhibit a polar diagram of the radiation pattern (relative field) in the horizontal plane of the transmitting antenna showing clearly the correct relationship between the major lobe or lobes and the minor lobes of radiation and a tabulation of the pattern at every ten degrees and all maxima and minima. Applicants proposing use of multiple transmitting antennas shall submit a composite radiation pattern. If a non-directional transmitting antenna will be employed, i.e., an antenna with an approximately circular radiation pattern, check here [] and omit polar diagram and tabulation. If the antenna manufacturer and model number are on the Commission's list of common "off-the-shelf" directional antennas, check here [A] and omit polar diagram and tabulation.

Exhibit No. ---

Has FAA been notified of proposed construction? If Yes, give date and office where notice was filed:

No change in overall height or location of existing structure

Yes No [X]

O. Environmental Statement (See 47 C.F.R. Section 1.1301 et seq.)

Would a Commission grant of this application come within 47 C.F.R. 1.1307, such that it may have a significant environmental impact, including exposure to workers or the general public to harmful nonionizing radiation levels?

Yes No [X]

If you answer Yes, submit as an Exhibit an Environmental Assessment as required by Section 1.1311. If no, explain briefly why not.

Exhibit No. --

Proposal is believed to comply with pertinent provisions of §1.1305, §1.1306, and §1.1307 of FCC Rules. (See also Exhibit A of Engineering Report)

Unattended operation:

Is unattended operation proposed?

Yes No [X]

If Yes, and this application is for authority to construct a new station or to make changes in the facilities of an authorized station which proposes unattended operation for the first time, applicant will comply with the requirements of 47 C.F.R. Section 74.734 concerning unattended operation.

Yes No [X]

12. Is type approved broadcast equipment being specified?

Yes No [X]

If No, indicate date equipment was submitted to FCC Laboratory for approval. Does not apply

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.

NOTE: Applicants for new stations only:

Applicant is (check one of the following):

- Individual General Partnership Corporation
 Other Limited Partnership Unincorporated Association

(a) If the applicant is a legal entity other than an individual, partnership, corporation or unincorporated association, describe in an Exhibit the nature of the applicant.

Exhibit No.
DNA

(b) For LPTV and TV translator applicants only:

If the applicant is an individual, submit as an Exhibit the applicant's name, address and telephone number (including area code).

Exhibit No.
DNA

If the applicant is a partnership, whether general or limited, submitted as an Exhibit the names, addresses, and telephone numbers (including area code) of all general and limited partners (including silent partners), and the nature and percentage of the ownership interest of each partner.

Exhibit No.
DNA

If the applicant is a corporation or an unincorporated association, submit as an Exhibit the names, addresses and telephone numbers (including area code) of all officers, directors and other members of the governing board of the corporation or association and the nature and the percentage of their ownership interests in the applicant (including stockholders with interests of 1% or greater).

Exhibit No.
1

2. For LPTV and TV translator applicants only, submit as an Exhibit a list of all other new applications filed during the same window period as this application in which the applicant or any principal of the applicant has any interest. Include the percentage of that interest for each listed application, as well as the other applicant's name (if different) and the channel number and location of the proposed station.

Exhibit No.
2

NOTE: No more than five (5) applications for new low power TV or TV translator stations may be filed during a single window period by any applicant, or by any individual or entity having an interest of 1% or more in applications filed in the same window period. This limit does not apply to minor or major change applications or to TV booster applications.

CITIZENSHIP AND OTHER STATUTORY REQUIREMENTS

3. (a) Is the applicant in compliance with the provisions of Section 310 of the Communications Act of 1934, as amended, relating to interests of aliens and foreign governments?

Yes

(b) Will any funds, credit, or other financial assistance for the construction, purchase or operation of the station(s) be provided by aliens, foreign entities, domestic entities controlled by aliens, or their agents?

Yes

If Yes, provide particulars as an Exhibit.

Exhibit No.
DNA

4. (a) Has an adverse finding been made, or an adverse final action taken by any court or administrative body as to the applicant or any party to this application in a civil or criminal proceeding brought under the provisions of any law related to the following: any felony; broadcast-related antitrust or unfair competition; criminal fraud or fraud before another governmental unit; or discrimination?

Yes

(b) Is there now pending in any court or administrative body any proceeding involving any of the matters referred to in 4(a)?

Yes

If the answer to 4(a) or 4(b) is Yes, attach as an Exhibit a full disclosure concerning the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), a statement of the facts upon which the proceeding was based or the nature of the offense alleged or committed, and a description of the current status or disposition of the matter.

Exhibit No.
DNA

5

5) applicant or any other party to this application had any interest in:
a) a broadcast application which has been dismissed with prejudice by the Commission?

Yes No

b) a broadcast application which has been denied by the Commission?

Yes No

c) a broadcast station, the license for which has been revoked?

Yes No

d) a broadcast application in any Commission proceeding which left unresolved character issues against the applicant?

Yes No

If the answer to any of the questions in 5 is Yes, state in an Exhibit the following:

Exhibit No.
DNA

- i) Name of party having interest;
- ii) Nature of interest or connection, giving dates;
- iii) Call letters of stations or file number of application or docket number;
- iv) Location.

MULTIPLE APPLICATIONS

The applicant certifies that there is no other application pending that would be directly mutually exclusive with this application in which this applicant has an interest of one percent or more or in which any party to this application is an officer, director, or has an interest of one percent or more, direct or indirect.

Yes No

If No, this application cannot be accepted for filing.

REAL PARTY IN INTEREST

The applicant certifies that no agreement, either explicit or implicit, has been entered into for the purposes of transferring or assigning to another party, any station construction permit or license or interest therein that is awarded as a result of a random selection or lottery.

Yes No

If No, this application cannot be accepted for filing.

SECTION IV - PROGRAM SERVICE STATEMENT

NOTE: For Low Power Television applicants only:

Low Power Television stations must offer a broadcast program service; a non-program broadcast service will not be permitted. Therefore, briefly describe below, in narrative form, your planned programming service.

DNA-Translator
