Attn: Alexandra Wilson

Dear Ms. Wilson:

Pursuant to the September 17, 1993 Order in MM Docket 92-266, enclosed are the responses on behalf of the ten Cox Cable Communications cable systems to the rate impact survey. Our responses are contained on the enclosed computer disk and on the enclosed hard copy. I am also enclosing rate cards and channel lineups as directed. I have included explanatory comments where appropriate.

Due to Cox's long history of rate moderation, not all of our subscribers saw a decrease in their bill. In fact, only in the one Cox system that had September 30, 1992 rates more than ten percent above benchmark did every subscriber receive a rate decrease.

In reviewing the survey forms, you will note that Cox had a high penetration of additional outlets and remotes and low service rates. Reallocation of these rates resulted in rate increases for subscribers who took services only and elected not to purchase optional equipment and additional outlets.

In spite of the fact that some subscribers received an increase in rates, the amount of these increases were far smaller than the decreases experienced by other subscribers, resulting in a substantial loss in revenue for the company. We anticipate that Cox Cable Communications will see a drop in revenue in excess of \$8 Million during the last four months of 1993 and in excess of \$35 Million in 1994 as a result of rate regulation.

Additional Comments
System: Hampton Roads

- The basic monthly service rate increased to \$8.33 from \$6.63.
- One new channel added to the basic service: a required off-air shopping channel station.
- Tier II CPS service increased from 19 to 30 channels; seven channels originally on Tier III moved to Tier II and four new services were added because of the opportunity created by the completion of a recent system channel capacity upgrade.
- Subscriber bills which went up, increased an average of \$1.35 per month; those which were lower, decreased an average of \$2.87 per month.

NEW BASIC RATE AND PREMIUM PACKAGE SAVINGS

While the price for monthly service of limited basic cable will remain at \$10.95, continuing increases in programming costs and inflation force us to raise the price of complete basic to \$19.95 (Plus applicable taxes), a dollar more than last year. Cox Cable remains a tremendous entertainment value at less than 70 cents per day and is still lower than most markets nationwide.

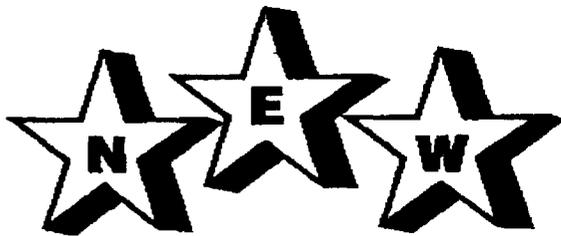

And when you subscribe to premium channels, the entertainment value is even better!

- 1) Order any premium channel at \$10.95 and you'll get the tier channels of Sci-Fi, Bravo and HSE free.
- 2) Order our one-pay (one premium channel) package for only \$13 and you also receive remote control and the tier channels.
- 3) Order our two-pay package for \$21, and you get the remote, the tier channels and the cable guide for free.
- 4) Our three-pay package is \$27, four-pay package is \$33, five-pay package is \$39 - each package comes with free remote, free tier channels and free cable guide.

Note Channel changes and rate information effective December 1, 1992.

2120 Canal Street, New Orleans, LA • 525-4688
