SECRETARY FCC. :

I MUST, MOST RESPECTFULLY, AND WEHEMENTLY, OBJECT
TO THE PROPOSED RAISE IN THE MARINE RADIO LICENSING
FEES.

IF THIS PROPOSAL IS ENACTED, IT WILL CAUSE
MANY BOATERS TO FORGO THE USE OF OUR MARINE RADIOS.
HOW MANY LIVES WOULD BE PUT IN DANGER, OR LOST IN
THIS EVENT?

HOPFULLY YOU WILL RECONSIDER, AND KEEP THE
PRESENT FEE OF \$35.00 STATIC.

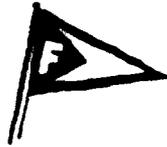

SINCERELY,

Louis W. Isaacs

Secretary of the F.C.C.:

I represent approximately 600 boaters, who are very unhappy with the thought of fee increases for the licensing of their marine radios.

This proposed increase, if enacted, would be a hardship on many of us. It would cause many of us to operate our vessels without the safety of our marine radios, and it would cause many of us to become injured or WORSE! IT will cause many to fight this proposed increase.

I hope you will reconsider the gravity of this proposed fee increase, and keep the fee at the current level of \$35.00.

Sincerely, *Louis W. Isaacs*

Dear Secretary,

I am a boater in the Philadelphia Area who uses my radio to insure safe and efficient operation of my sailboat.

I have heard there is the possibility of increasing our licensing fee and firmly object to this proposal. This sounds like another typical government program which is being mismanaged and therefore puts the burden on the consumer to pay the bills.

Originally, there was no charge for the license, then an one time fee of \$35, now another increase? Get real and streamline your operation just like any properly run business has too.

The boaters, and in general, the people of the United States are growing increasingly tired of governments inability to manage their affairs. No More Increases!!
