All calls are rounded up to the next full minute for billing. You will be charged from the time you press "SND" until the time you press "END". In-neighborhood minutes are those minutes used in making or receiving calls while you are in your neighborhood. If less than 500 In-neighborhood minutes are used in one month, the excess will not be carried over to the next month. Out-of-neighborhood minutes are those minutes used while outside of your neighborhood area but inside the State of Florida. (Please see the enclosed neighborhood map for details of your area.) Roaming minutes are those that result from calls that you make or receive while traveling outside the State of Florida. Long distance rates depend on your location when the call is made. If you are in Volusia County, you will not be charged for calls to Volusia County numbers.

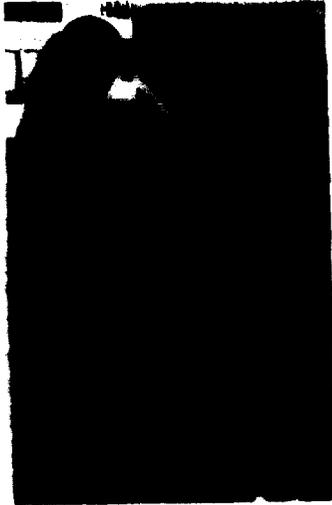

**How is Go Phone service different from cellular service?**

Go Phone service gives you all the mobility benefits that you would get with traditional cellular service. However, it has been specially designed for use in your neighborhood by providing lower rates than cellular service when you use your Go Phone there. Go Phone service is based on the same technology as the new digital cellular technology which utilizes radio frequencies to transmit conversations in digital format.

**Freedom for teenagers, peace of mind for parents.**

If your family includes teenagers, you must already see countless applications for the Go Phone. It can serve as the perfect second line so that a

phone is always available for your use. Go Phone also provides a measure of safety for the teenage driver going out at night. Best of all, that old "I would have called but I couldn't find a phone" excuse will become a thing of the past.

**Convenience,  
Mobility and  
Safety for about  
\$10 bucks a month.**

Monthly Go Phone service gives you the use of a small, lightweight, state-of-the-art digital cordless phone specifically designed for life on the go. You also get several hours use of the Go Phone within your neighborhood as well as access to Go Phone's network which connects you to service throughout Florida and across the country. Add voice mail service for a small monthly fee and never miss a call.
