FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF SECRETARY

Dear Senator Mikulski:

Once again, our bureaucrats and politicians have accomplished the ridiculous. The FCC licensing requirement of \$105.00 is a ridiculous, poorly thought out effort to unjustly tax the boaters. This gigantic increase is totally unjustified and will have the opposite effect, decreasing rather increasing revenue.

It is my intention to disconnect my current VHF radio and avoid this tax. I will utilize a cellular telephone which works all over the Bay for my communications. I must admit I will give up a bit in convenience and safety in being unable to communicate with other boats in the vicinity, however, I refuse to pay ridiculous fees. You of course realize that the license costs more than the radio.

Respectfully

Robert J. Moore
