SUPPLEMENT

The following additional contacts by the three pioneer's preference recipients in the broadband PCS service were reported by FCC staff members based on their individual files and recollections. The name of the staff member reporting the contact (as well as any reported as being involved in the contact) are listed under "participants." Some of the contacts were made by written correspondence, as indicated. Other contacts were made by telephone or in meetings. Except as indicated, the specific proceeding in which the contact was made has not been identified.
