POC Contact, ANDREW E. GABRIEL , 618-256-9577 Synopsis number 94160. This is a reprint of Synopsis 94148 and 94162. Previous respondees need not reply, a copy will be sent. This is a Solicitation for Information and Planning Purposes. The requirement is for integration of all the FAA's international and over the ocean domestic (i.e., Puerto Rico, Guam, Hawaii) non-switched voice and data communications requirements. The program is known as FAA Leased International [TELECOMMUNICATIONS] (FLINT). The Government does not intend to pay for the information solicited nor award a contract. The solicitation is issued for the sole purpose of obtaining comments and information from industry. No questions are solicited nor will any answers be provided. Requests for copies of the SIPP should be sent to the above address or faxed to (618) 256-9577 not later than 20 days after this publication. Indicate whether small or large business. Comments from industry are due within 60 days from publication of this notice. (0158)

D -- HAWAII INFORMATION TRANSFER SYSEM (HITS) Contact, JoAnne La Puente, 808-477-5742. Reference DECCO-PAC Synopsis No. 94-0005-HITS. This is a HITS schedule update. A brief synopsis of HITS is as follows: The Hawaii Information Transfer System (HITS) will provide regional, intra-LATA, leased telecommunications services throughout the State of Hawaii, encompassing switched voice, switched data, video teleconferencing, and dedicated (point-to-point/multi-point) services under one contract to support Department of Defense (DoD) Services and Agencies, and non-DoD Federal Agencies. HITS will provide these [TELECOMMUNICATIONS] services to the eight primary Hawaiian islands, specifically Oahu, Hawaii (also known as the "Big Island"), Kauai, Maui, Lanai, Molokai, Kahoolawe, and Niihau. HITS will replace the existing Oahu Telephone System (OTS) and the Hawaii Area Wideband System (HAWS) contract and will provide access to the Defense Information Systems Network (DISN) and FTS2000 wide-area communication backbones and services. The Government is contemplating issuance of an indefinite-delivery indefinite-quantity (minimum dollar) type contract with a provision for award fee. The contract performance period will be five (5) base years and five (5) one year options from date of contract award. The Government is also contemplating issuance of a Draft Request for Proposal (D-RFP) for industry comments on or about 13 June 1994. Those vendors currently on the HITS bidder's mailing list need not submit a written request for the D-RFP. All other interested vendors must submit a written request for the D-RFP to: DECCO-PAC/RUS, Suite 2, Building C, 2nd Floor, 99-080 Kauhale Street, Aiea, HI 96701-4104. Please include a current Standard Form 129, Solicitation Mailing List Application, with your request for the D-RFP. All other interested vendors must submit a written request for the D-RFP to: DECCO-PAC/RUS, Suite 2, Building C, 2nd Floor, 99-80 Kauhale Street, Aiea, HI 96701-4104. Please include a current Standard Form 129, Solicitation Mailing List Application, with your request. Facsimile and telephonic requests are unacceptable. Please reference DECCO-PAC Synopsis No. 94-0007-HITS in your correspondence. The Government is also planning to conduct a presolicitation conference with industry to discuss initial comments on the D-RFP and address any technical or performance uncertainties. The projected timeframe for the conference is mid-Jul 94 to be held in Honolulu, Hawaii. If you are interested in attending the presolicitation conference and have not already expressed your interest, contact Ms. Theresa Hynds at (808)653-1111. Further details on the presolicitation conference will be released at a later date. Any questions relating to this procurement should be addressed to Ms. JoAnne La Puente at (808)477-5742. (151)

D -- INTRA-LATA [TELECOMMUNICATIONS] POC Contact, Linda Kalmer, Comm Spec, or

Darlene Fry, DECCO Contracting Officer, 618-256-9486/9494 Synopsis number 94162. Decco intends to acquire all requirements for intra-LATA services under 1.544MBPS (DS-1) within the United States and its territories directly from the Local Exchange Carriers (LECS), at published tariff prices. This will include requirements for business telephone lines. DECCO also intends to acquire all requirements for intra-LATA services at DS-1 bandwidth and greater within the United States and its territories directly from the Local Exchange Carriers (LECS), at published tariff prices. Interested companies wishing to compete for services less than DS-1 or services at DS-1 bandwidth and greater, at competitive prices (lower than the published tariff prices), are invited to express their interest to DECCO/RPCIP.WB, Attn: Linda Kalmer, 2300 E. Drive, Scott AFB IL 62225-5406, specifying the types of service they can provide (e.g., business lines, transmission speeds less than DS-1 or DS-1 and above) and the geographic locations where these services currently exist. A source/bidders list will be maintained specifying types of service and locations where these services exist. The Defense Commercial Communications Office (DECCO) will make this CBD announcement available through an electronic bulletin board, the DISA Acquisition Bulletin Board System (DABBS). Note 22 applies. (0155)

D -- [TELECOMMUNICATIONS] NETWORK ACQUISITION/IMPLEMENTATION SOL RFP-FMS-95-0001 POC Tonya Kreps, Contract Specialist, (202) 874-6634. The Financial Management Service (FMS) has a requirement to obtain an FMS-wide, full-scale [TELECOMMUNICATIONS] network, to be termed the "FMSNet", which will build upon an existing smaller-scale FMS network. The FMSNet, just as the existing FMS network, will continue to be a virtual subnet of the Treasury Department's existing Consolidated Data Network (CDN). A competitive 8(a) set-aside for this acquisition has been approved by the Small Business Administration, with a National Buy number of 7700-94-6066 assigned. This requirement involves the acquisition of various [TELECOMMUNICATIONS] support services (incl. engineering support and help supply services), brand-name hardware, software, technical training, and maintenance. All hardware, software, and service items to be delivered under this requirement shall be supplied on an indefinite delivery/indefinite quantity (IDIQ) basis, for a base period of one year, with four one-year option periods available. FMS anticipates that the 8(a) prime contractor will propose subcontracting of major portions of the statement of work. A partial list of hardware to be acquired includes, but is not limited to, IBM Front End Processors, Rascal-Datavoom Modems, RISC 6000 equipment, SUN Workstations, CSU/DSUs, BANYAN

VINES Servers, and miscellaneous hardware. A partial list of software to be acquired includes, but is not limited to, Network Management, Help Desk, Modeling, Communications, and various LAN software. A partial list of systems support services to be acquired includes, but is not limited to, System Upgrade support, Technical Network Engineering support, Network Management Center Operations support, Application Design/Development support, and LAN utilization studies. A partial list of technical training to be acquired includes, but is not limited to, Basic/Advanced SNA, General Data Communications, Network Security Management, RISC Processors, Lotus Notes, UNIX, CISCO Router Certification, Device Troubleshooting, and Help Desk training. The hardware and software to be maintained includes all existing [TELECOMMUNICATIONS] equipment AND software, as well as all equipment and software acquired through this procurement. The primary place of performance for this requirement is at FMS' Regional Operating Center 1 (ROC1) in Hyattsville, MD. Secondary places of performance are at FMS' six Regional Financial Centers (RFCs) in Austin, TX, Birmingham, AL, Chicago, IL, Kansas City, KS, Philadelphia, PA, and San Francisco, CA. With the purpose of this FMSNet being to provide data communications services throughout FMS and with FMS' customers, namely Federal Program Agencies (FPAs), some vendor services may be required at FPA locations nationwide. The primary SIC Code for this acquisition is 7373 with a size standard of \$18 million and the secondary SIC Code is 5045 with a size standard of 500 employees. Offerors shall be small business concerns expressly certified by the Small Business Administration (SBA) for participation in the SBA's 8(a) program. Vendors who believe they can provide these services/supplies shall submit a written or faxed request for RFP-FMS-95-0001 to Department of the Treasury, Financial Management Service, 401 14th Street, SW, Room 114B, Washington, DC 20227, ATTN: Tonya Kreps; FAX: (202) 874-7275. D -- [TELECOMMUNICATIONS] SERVICES POC Mary Jo Mattia, Contracting Officer, 301/415- 7316/, Brenda J. DuBose, Contract Specialist, 301/415- 6578 The U.S.

Nuclear Regulatory Commission intends to enter into a sole source contract entitled "Local Telephone Service" for its Region I office located in King of Prussia, Pennsylvania. This service will provide, but is not limited to, the provisioning of private branch exchange (PBX) interconnections to a central office in order to provide dial tone for switching telephone calls. The services required are known as High Capacity Digital Hand Off service which will consist of two T1 facilities, each equipped with 24 individual circuits. The Direct Cable service shall consist of 8 circuits that will be wired directly to the PBX for normal use and emergency backup utilization. Bell Atlantic has provided the current services to the NRC for the past six years and is the only tariffed local exchange carrier who can provide local area telephone switching service and

interconnection to other exchange (long distance) carriers. The period of performance is ~~five years~~. This is not a Request for Proposals. No solicitation will be issued. (0160)

D -- FIP SOFTWARE. SOL N00140-94-BA45 SYN 436 POC Contact Point, E. Boyle, (215)897-5663, Contracting Officer, E. McGlenn, (215)897-5663 The Naval Regional Contracting Center, Philadelphia, intends to acquire (2) DATACOM/DB2 Transparency Software Packages for the Naval Computer and [TELECOMMUNICATION] Station New Orleans. One package is for use on an IBM 3090 200E and one is for an Amdahl 5995-1400A. The Software is required to support the Defense Logistics Agency (DLA) in the Implementation of the Distribution Standard System (DSS) Business System Implementation (BSI) II Project using the Information Engineering Facility (IEF). The Software must allow Applications Packages Written to DB2 Standards to be used with CA-DATACOM/DB; allow Mainframe and PC Data Sharing; Preserve Current DB2 Programs generated by the Information Engineering Facility (IEF), including purchased applications; include Automated DB2 Catalog Migration, Automated Data Conversion, Precompiler Support for COBOL with a Run Time Option to Handle DB2 SQL, Source/Object Code Level Support, and On-Line Maintenance Support. This requirement is being processed on the basis of Other Than Full Open Competition, Sole Source to Computer Associates International, Inc., Reston Executive Center, Bldg 3, 12120 Sunset Hills Road, Reston, VA., 22090 pursuant to FAR 6.302-1. This Center intends to issue a Delivery Order under Computer Associates International, Inc. GSA Schedule GS00K92-AGS-5514-PS02. The software shall be delivered by July 2, 1994. The applicable standard industrial classification number is 3577. All responsible sources may submit information which shall be considered by the Naval Regional Contracting Center. Interested parties are invited to identify their interest and capability to respond to the requirements. Comparable offers will be considered only if clear and convincing documentation including technical and pricing information is furnished within 15 days of this synopsis that the proposed items meet the requirements of the Government and that it is advantageous to the Government to consider other offers. If no affirmative written responses advantageous to the Navy are received within 15 calendar days after publication of this notice, an order will be placed with Computer Associates International, Inc., against their GSA Schedule Contract. Note: NO Contract Award will be made on the basis of information received in response to this notice. As a result of analyzing responses to this synopsis of intent,

the contracting officer may determine that a solicitation will be issued. If a solicitation is issued, NO Additional Synopsis will be published. Any such solicitation will be issued to the intended schedule vendor and all firms that respond to this synopsis of intent or otherwise request a copy of the solicitation. This synopsis is merely a notice of intent to place an order against a Schedule Contract and should not be considered a request for offers. Further, the Navy will not pay for any information provided. Any responses to this synopsis should be sent to the attention of Ms. E. Boyle, Code 0221X and reference N00140-94-F-BA45. SYN # 436.
