Re: PR Docket No. 93-61
Automatic Vehicle Monitoring Systems

Dear Mr. Caton:

On Wednesday, September 21, 1994, Gary Green and Michael Pettus of Metricom, Inc., and Henry Rivera and I, of this firm, met with Richard B. Engelman, Chief of the Technical Standards Branch, Office of Engineering and Technology to discuss the views of Metricom, Inc. as stated in various filings on proposed solutions and compromises in this proceeding, including the staff's informal proposal.

Two copies of this letter are being submitted to the Secretary of the Commission pursuant to § 1.1206(a)(1) of the Commission's Rules. Because meetings ran late into the afternoon, this notice is being filed the day after the meetings.

Sincerely,

Larry S. Solomon
