ERRATUM

Released: October 19, 1994

1. This *Erratum* corrects the Second Memorandum Opinion and Order in the above-captioned proceeding, FCC 94-215 (Rel. Aug. 15, 1994), by correcting § 1.2105(c)(2) and § 1.2105(c)(3) of the Final Rules, set forth in Appendix B, to read as follows:

(2) Applicants may modify their short-form applications to reflect formation of consortia or changes in ownership at any time before or during an auction, provided such changes do not result in a change in control of the applicant, and provided that the parties forming consortia or entering into ownership agreements have not applied for licenses in any of the same geographic license areas. Such changes will not be considered major modifications of the application.

(3) After the filing of short-form applications, applicants may make agreements to bid jointly for licenses, provided the parties to the agreement have not applied for licenses in any of the same geographic license areas.
