Re: PR Docket No. 93-61
Automatic Vehicle Monitoring Systems

Dear Mr. Caton:

On Wednesday, November 3, 1994, Gary Green, Chief Operating Officer of Metricom, Inc., Michael Pettus, Director of Hardware Engineering of Metricom, Inc., and Henry Rivera and I, of this firm, met with Richard M. Smith, Chief, Office of Engineering & Technology and Dr. Michael Marcus, Assistant Chief for Technology, Office of Engineering and Technology. At this meeting the views of Metricom, Inc., as set forth in its various filings on proposed solutions and compromises in this proceeding, were discussed.

Two copies of this letter are being submitted to the Secretary of the Commission pursuant to § 1.1206(a)(1) of the Commission's Rules. Because various meetings ran late into the afternoon, this notice is being filed the day after the meetings.

Sincerely

Larry S. Solomon
